German Problem Reconsidered

Roman Wölfel

German Problem Reconsidered:

The German Problem Reconsidered: Germany and the World Order 1870 to the Present David Calleo, 1978-09-29 In this provocative book David Calleo surveys German history not to present new material but to look afresh at the old He argues that recent explanations for Germany's external conflicts have focused on flaws in the country's traditional political institutions and culture These German centred explanations are convenient Calleo notes for they tend to exonerate others from their responsibilities in bringing about two world wars namely the American and Russian hegemonies in Europe As a result of this approach the big questions in German history are still answered with the ageing clichés of a generation ago despite the proliferation of German historical studies Throughout Professor Calleo examines with some scepticism the concept of Germany's uniqueness and its consequences In effect his study stresses the continuing relevance of traditional issues among the Western states This book he asserts should be regarded as a modest dissent from the prevailing view that history either began or ended in 1945

The German Problem Reconsidered. Germany and the World Order, 1870 to the Present. (1. Publ.) David P. Calleo, 1978 *The German problem reconsidered : Germany [and] the world order, 1870 to the present* David P. Calleo, 1980

The German Problem Reconsidered David P. Calleo, 1978

The Civic Foundations of Fascism in Europe Dylan Riley, 2019-01-15 Drawing on a Gramscian theoretical perspective and developing a systematic comparative approach *The Civic Foundations of Fascism in Europe* challenges the received Tocquevillian consensus on authoritarianism by arguing that fascist regimes just like mass democracies depended on well organised rather than weak and atomised civil societies In making this argument the book focuses on three crucial cases of interwar authoritarianism Italy Spain and Romania selected because they are all counterintuitive from the perspective of established explanations while usefully demonstrating the range of fascist outcomes in interwar Europe *Civic Foundations* argues that in all three cases fascism emerged because of the rapid development of voluntary associations combined with weakly developed political parties among the dominant class thus creating a crisis of hegemony Riley then traces the specific form that this crisis took depending on the form of civil society developed autonomous as in Italy elite dominated as in Spain or state dominated as in Romania in the nineteenth century

Rethinking the Cold War Allen Hunter, 2010-06-02 A path breaking collection of essays by cutting edge authors that reassess the Cold War since the fall of communism

German Nationalisms Dieter K. Buse, Juergen C. Doerr, 1985 769 annotated entries including books and articles in English and German Divided by chapters chronologically with an introduction for each chapter 18 items deal with antisemitism see the subject index under Jews Anti Semitism

Germany at Fifty-five James Sperling, 2004 Examining how the past has influenced current domestic and foreign policy in Germany this book explores topics such as the unification of east and west the founding of the Berlin and Bonn republics the legacies of national socialism and how the unified Germany's political culture continues to evolve

Germany's Defeat and the Creation of the West German Basic Law 1945-1949 Ernest

Peter Zimmermann, 1983 Can Europe Work? Stephen E. Hanson, Willfried Spohn, 1995-12-01 In *Can Europe Work* Germany and the Reconstruction of Postcommunist Societies eight scholars from the United States and Europe discuss the problems posed for European unity by the collapse of communism and the reemergence of Germany as Europe's strongest state Among the topics addressed are a comparison of nationalism in Western and Eastern Europe the intellectual origins of the often antiliberal and antidemocratic East European nationalism deteriorating popular support for the Polish Roman Catholic Church a comparative analysis of the German nation state in the nineteenth and twentieth centuries German economic influence in East Central Europe the role of Germany in the breakup of Yugoslavia the causes of recession in Eastern Europe and a sobering study of Russia's current economic problems The book is expected to attract a large audience in both North America and Europe among academic specialists on the region as well as those concerned with policy issues arising from the turbulent environment of postcommunist East Central Europe West Germany Donald S. Detwiler, Ilse E. Detwiler, 1987 A wide ranging bibliography on the region Some 850 annotated entries explore subject matter categorized under 37 headings that include industry religion mass media the arts sports and recreation transport domestic and external trade languages and dialects prehistory and archaeology West Berlin and its special status Annotation copyright

Confronting the German Question Renata Fritsch-Bournazel, 1988 Britain, Détente, and the Helsinki CSCE Kai Hebel, 2025-09-15 This book offers the first in depth account of the United Kingdom's contribution to the rapprochement between East and West that culminated in the successful negotiation of the Helsinki Final Act of 1975 Britain's role in this historic achievement has been understudied and understated This book rectifies this shortcoming by tracing London's important contribution to East West diplomacy with a special focus on the negotiations of the Helsinki Final Act 1972-75 The Final Act was the product of almost three years of intense bargaining in the context of the Conference on Security and Cooperation in Europe Along with 34 other states the UK negotiated core aspects of European international relations including the political territorial and normative order of the divided continent Taking full advantage of its new role as a member of the European Community and its traditional part in NATO British negotiators skillfully navigated the opportunities and pitfalls of multilateral diplomacy Their success in hammering out several of the most contested and most innovative provisions of the Helsinki Accord earned them the moniker of Fathers of the Final Act Based on extensive archival research in eleven countries on three continents this book traces the evolution of the negotiations providing a compelling bottom up account of how diplomacy works in practice against the backdrop of inter state conflict and unequal power This book will be of much interest to students of Cold War History European history British history and International Relations

German Politics and Society, 2001 **The German Nuclear Dilemma** Jeffrey Boutwell, 1990 *Silesia Revisited*, 1929 Graham Seton Hutchison, 1929 **The American Liberal Tradition Reconsidered** Mark Hulliung, 2010 Eight prominent scholars consider whether Louis Hartz's interpretation of liberalism in his classic 1955 book should be repudiated

or updated and whether a study of America as a liberal society is still a rewarding undertaking **Strategic Dilemmas and the Evolution of German Foreign Policy Since Unification** Jeffrey Lantis,2002-09-30 Table of contents Germany's New Position in Europe Arnulf Baring,Reiner Pommerin,1994-10-04 Aims to consider the new position of Germany in Europe after unification with reference to the history of Germany s relationship with neighbouring states since 1871 and in the light of the role of the Federal Republic of Germany in furthering European integration since 1949 **The German Polity** David P. Conradt,1993
