Guide To Literary Study:

A Guide to Literary Criticism and Research Bonnie Klomp Stevens, Larry L. Stewart, 1996 Like the first two editions of *A Guide to Literary Criticism and Research* this edition is based both on a recognition of a practical need felt in many literature courses and a view of literary study. It attempts to meet the practical need by offering upper level students a condensed but adequate guide to the range of modern criticism and to basic methods of research. In addition it is a hope that the book will give students a more comprehensive view of literary study by helping them to recognize criticism and research as two closely linked parts of a single process.

The English Handbook William Whitla, 2009-12-01 *The English Handbook: A Guide to Literary Studies* is a comprehensive textbook providing essential practical and analytical reading and writing skills for literature students at all levels. With advice and information on fundamental methods of literary analysis and research, Whitla equips students with the knowledge and tools essential for advanced literary study. Includes traditional close reading strategies integrated with newer critical theory ranging from gender and genre to post-structuralism and post-colonialism with examples from *Beowulf* to Atwood, folk ballads to Fugard and Christopher Marlowe to Conrad's Marlow. Draws on a wide range of resources from print to contemporary electronic media. Supplies a companion website with chapter summaries, charts, examples, web links, and suggestions for further study.

A Complete Guide to Literary Analysis and Theory Michael Ryan, 2022-11-25 *A Complete Guide to Literary Analysis and Theory* offers an accessible introduction to all the current approaches to literary analysis. Ranging from stylistics and historicism to post-humanism and new materialism, it also includes chapters on media studies and screen studies. The Guide is designed for use in introductory literature courses and as a primer in theory courses. Each chapter summarizes the main ideas of each approach to the study of literature in clear prose, providing lucid introductions to the practice of each school and conducting readings using classic and modern works of literature from around the world. The book draws on examples from a wide range of works from classics such as F. Scott Fitzgerald's *The Great Gatsby* and Shakespeare's *King Lear* to contemporary works such as Ocean Vuong's *On Earth We're Briefly Gorgeous* and Amanda Gorman's *The Hill We Climb*. This wide-ranging introduction is ideal for students encountering literary study for the first time as well as more advanced students who need a concise summary of critical methods. It strives to make complex ideas simple and provides readings that undergraduates should be able to understand and enjoy as well as training them to conduct analyses of their own.

Studying English Literature Tory Young, 2008-05-22 *Studying English Literature* is a unique guide for undergraduates beginning to study the discipline of literature and those who are thinking of doing so. Unlike books that provide a survey of literary history or non-subject-specific manuals that offer rigid guidelines on how to write essays, *Studying English Literature*

invites students to engage with the subject's history and theory whilst at the same time offering information about reading researching and writing about literature within the context of a university The book is practical yet not patronizing for example whilst the discussion of plagiarism provides clear guidelines on how not to commit this offence it also considers the difficulties students experience finding their own voice when writing and provokes reflection on the value of originality and the concepts of adaptation appropriation and intertextuality in literature Above all the book prizes the idea of argument rather than insisting upon formulaic essay plans and gives many ways of finding something to say as you read and when you write in chapters on Reading Argument Essays Sentences and References *A Guide to Literary Study* Leon T.
