

Higher Education Digital Capability Framework

An open-source capability framework for higher education. 4 dimensions, 16 domains and 70+ capabilities.

Purpose of Framework

The Higher Education Digital Capability (HEDC) Framework is a learner-focused, practice and flexible approach to measuring and enhancing digital capability in higher education institutions across the learner lifecycle. Universities and HE institutions globally use the framework to identify strengths, prioritise areas of focus and support their digital transformation strategies.

Methodology & Guiding Principles

The Framework acknowledges educational literature on digital capability and grounds these in current practice using ongoing consultation, research and analysis with higher education leaders around the world. The HEDC Framework benefits from a continuous and flexible feedback cycle informed by an engaged community of HE professionals.

Use the Framework

Institutions use the HEDC Framework to build familiarity, understanding and shared language of digital capability across the learner lifecycle. The Framework is accompanied by global case studies and other tools to support cross-institutional discussion of perceived performance, goals and priorities.
