Getting Justice:

WISHPORFHEWORLD JUSTICE AND WISHPORFHEWORLD G. O. MUSTAPHA,2012-03-06 People make wish each moment and each time through out life time Some come to past others were left undone Have you ever wonder about love have you ever wonder about justice have you ever wonder about how this world will appear in the next 10 to 100 years or more Are you asking question about future America Are you wondering about the kind of thought the next european fellow and those of Australia should hold in the next 100 years about this world and justice Are you feeling the pulse coming from african or the heart beat of those in Asia After reading through this book feel free to get back to me Justice in Conflict Mark Kersten,2016-06-24 What happens when the international community simultaneously pursues peace and justice in response to ongoing conflicts What are the effects of interventions by the International Criminal Court ICC on the wars in which the institution intervenes Is holding perpetrators of mass atrocities accountable a help or hindrance to conflict resolution This book offers an in depth examination of the effects of interventions by the ICC on peace justice and conflict processes The peace versus justice debate wherein it is argued that the ICC has either positive or negative effects on peace has spawned in response to the Court s propensity to intervene in conflicts as they still rage This book is a response to and a critical engagement with this debate Building on theoretical and analytical insights from the fields of conflict and peace studies conflict resolution and negotiation theory the book develops a novel analytical framework to study the Court s effects on peace justice and conflict processes This framework is applied to two cases Libya and northern Uganda Drawing on extensive fieldwork the core of the book examines the empirical effects of the ICC on each case The book also examines why the ICC has the effects that it does delineating the relationship between the interests of states that refer situations to the Court and the ICC s institutional interests arguing that the negotiation of these interests determines which side of a conflict the ICC targets and thus its effects on peace justice and conflict processes While the effects of the ICC s interventions are ultimately and inevitably mixed the book makes a unique contribution to the empirical record on ICC interventions and presents a novel and sophisticated means of studying analyzing and understanding the effects of the Court s interventions in Libya northern Uganda and beyond Resurrecting Justice Douglas Harink,2020-09-29 Theologian Douglas Harink invites readers to rediscover Romans as a treatise on justice tracing Paul s thinking on this theme through a sequential reading of the book and finding in each passage facets of the gospel s primary claim that God accomplishes justice in the death and resurrection of Jesus Messiah *Facing Justice* Great Britain: Parliament: House of Commons: Committee of Public Accounts,2005-06-16 In 2002 85 per cent of defendants attended hearings in England and Wales at the dates and times set for them but those who do not turn up cause distress and inconvenience to victims and witnesses and waste the time and resources of the courts and other agencies Criminal justice agencies are not dealing with this situation effectively For example only 45 per cent of the 118 000 bail warrants issued in 2002 were executed by the police within three months The

Committee recommends that areas with a poor record for enforcing defendants attendance should be named and shamed by the National Criminal Justice Board The Board should determine the responsibilities of the different criminal justice agencies at each stage of the criminal justice process The increased use of stipendiary magistrates should be re considered by the Department for Constitutional Affairs *Justice*, 1897 **Justice in the nineteenth century, an appeal to British honour** William Taylor, 1886 **Ministry of Justice financial management** Great Britain: Parliament: House of Commons: Committee of Public Accounts, 2012-03-20 The Ministry has improved its financial management since the Committee s last report in January 2011 HC 574 ISBN 9780215556042 Many of the Ministry s processes have improved including modelling and forecasting but the Ministry has not achieved significant improvements in the delivery of key financial outcomes and therefore has much still to do The most serious issue is the Ministry s inability to report its financial affairs on a timely and accurate basis The Ministry s own resource accounts for 2010 11 were delivered late and there were significant problems with the accounts produced by two of its major arm s length bodies the Legal Services Commission and HM Courts Service s Trust Statement The Ministry faces significant accounting challenges for the 2011 12 financial year due to the required earlier publication of the accounts The Ministry needs to break the cycle of continuing failure to produce accurate and timely accounts It also faces considerable challenges in meeting its tough spending review commitments but without a full understanding of its costs the Ministry risks unnecessarily cutting frontline services which are critical to the poorest in the community rather than ensuring savings are achieved through genuine efficiencies Maximising the income it obtains will help the Ministry and fine collection is improving but it is being outpaced by the growth in fines outstanding Excellent financial management is critical to the Ministry s future success as it seeks to achieve significant efficiency gains while coping with workload pressures such as increases in the prison population that are largely outside its control

Educational Research For Social Justice Morwenna Griffiths, 1998-11-16 This is a book for all researchers in educational settings whose research is motivated by considerations of justice fairness and equity It addresses questions such researchers have to face Will a prior political or ethical commitment bias the research How far can the ideas of empowerment or giving a voice be realised How can researchers who research communities to which they belong deal with the ethical issues of being both insider and outsider The book provides a set of principles for doing educational research for social justice These are rooted in considerations of methodology epistemology and power relations and provide a framework for dealing with the practical issues of collaboration ethics bias empowerment voice uncertain knowledge and reflexivity at all stages of research from getting started to dissemination and taking responsibility as members of the wider community of educational researchers Theoretical arguments and the realities of practical research are brought together and interwoven Thus the book will be helpful to all researchers whether they are just beginning their first project or whether they are already highly experienced It will be of great value to research students in designing and writing up their theses and dissertations

Statistics for Criminal Justice and Criminology in Practice and Research Jack Fitzgerald, Jerry Fitzgerald, 2013-01-17

Statistics for Criminal Justice and Criminology in Practice and Research is an engaging and comprehensive introduction to the study of basic statistics for students pursuing careers as practitioners or researchers in both Criminal Justice and Criminology programs This student friendly text shows how to calculate a variety of descriptive and inferential statistics recognize which statistics are appropriate for particular data analysis situations and perform hypothesis tests using inferential statistics But it is much more than a cook book It encourages readers to think critically about the strengths and limitations of the statistics they are calculating as well as how they may be misapplied and misleading Examples of statistics and statistical analyses are drawn from the worlds of the practitioner as well as the policymaker and researcher Students will also gain a clear understanding of major ethical issues in conducting statistical analyses and reporting results as well as insight into the realities of the life of researchers and practitioners as they use statistics and statistical analyses in their day to day activities

Gender, Schooling and Global Social Justice Elaine Unterhalter, 2012-07-26 Timely and original this book examines gender equality in schooling as an aspiration of global social justice With nearly one billion people having little or no schooling and women and girls comprising nearly two thirds of this total this book analyses the historical sociological political and philosophical issues involved as well as exploring actions taken by governments Inter Government Organisations NGOs and women s groups since 1990 to combat this injustice Written by a recognised expert in this field the book is organised clearly into three parts the first provides a background to the history of the provision of schooling for girls worldwide since 1945 and locates the challenges of gender inequality in education the second examines different views as to why questions of gender and schooling should be addressed globally contrasting arguments based on human capital theory rights and capabilities the third analyses how governments Inter Government Organisations and NGOs have put policy into practice Addressing the urgent global challenges in gender and schooling this book calls for a new connected approach in policy and practice It is essential reading for all those interested in education along with developmental studies sociology politics and women s studies

The Complexity of Human Rights Philip Alston, 2024-02-08 This book provides the first systematic assessment from a human rights law perspective of the landmark contributions of the renowned legal anthropologist Sally Engle Merry What impact does over simplification have on human rights debates The understandable tendency to present them as a single universal and immutable concept ignores their complexity and by extension only serves to weaken them Merry and her colleagues transformed human rights thinking by highlighting the process of vernacularization which sees rights discourse as being unavoidably dependent upon translation and interpretation She also warned of the pitfalls of excessive reliance upon statistical and other indicators through the process of quantification Here the leading voices in the field assess the significance of these contributions
