Fall Of Japan:

Downfall Richard B. Frank, 2001-05-01 In a riveting narrative that includes information from newly declassified documents acclaimed historian Richard B Frank gives a scrupulously detailed explanation of the critical months leading up to the dropping of the atomic bomb Frank explains how American leaders learned in the summer of 1945 that their alternate strategy to end the war by invasion had been shattered by the massive Japanese buildup on Kyushu and that intercepted diplomatic documents also revealed the dismal prospects of negotiation Here also for the first time is a comprehensive account of how Japan s leaders were willing to risk complete annihilation to preserve the nation s existing order Frank s comprehensive account demolishes long standing myths with the stark realities of this great historical controversy *The Fall of Japan* William J. Craig, 2015-09-29 New York Times Bestseller A virtually faultless account of the last weeks of WWII in the Pacific from both Japanese and American perspectives The New York Times Book Review By midsummer 1945 Japan had long since lost the war in the Pacific The people were not told the truth and neither was the emperor Japanese generals admirals and statesmen knew but only a handful of leaders were willing to accept defeat Most were bent on fighting the Allies until the last Japanese soldier died and the last city burned to the ground Exhaustively researched and vividly told *The Fall of Japan* masterfully chronicles the dramatic events that brought an end to the Pacific War and forced a once mighty military nation to surrender unconditionally From the ferocious fighting on Okinawa to the all but impossible mission to drop the 2nd atom bomb and from Franklin D Roosevelt s White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the truth William Craig captures the pivotal events of the war with spellbinding authority *The Fall of Japan* brings to life both celebrated and lesser known historical figures including Admiral Takijiro Onishi the brash commander who drew up the Yamamoto plan for the attack on Pearl Harbor and inspired the death cult of kamikaze pilots This astonishing account ranks alongside Cornelius Ryan s *The Longest Day* and John Toland s *The Rising Sun* as a masterpiece of World War II history *Inferno: The Fall of Japan 1945* Ronald Henkoff, 2016-06-15 *Inferno* is the compelling story of the U S atomic bomb attacks on Hiroshima and Nagasaki and the ensuing death and destruction that led to the end of World War II The events that culminated in the fall of Japan which forever changed the course of diplomacy geopolitics and warfare in the twentieth century are vividly recreated through dramatic first hand accounts of the major participants on both sides of the Pacific They include Harry Truman the inexperienced American president who made the decision that would lead to unprecedented death and destruction the war mongering but mysterious Japanese Emperor Hirohito who ultimately presided over his country s surrender General Leslie Groves the no nonsense director of the Manhattan Project and Paul Tibbets the pilot of the plane the *Enola Gay* which dropped the very first nuclear bomb on Hiroshima in August 1945 *The Fall of Japan* Keith Wheeler, 1983 Profusely illustrated text recounts the events leading to the bombing of Hiroshima and Nagasaki and the capitulation of Japan in W W II *The Japan Magazine* , 1914 *The Defeat of Japan* David Rees, 1997-08-30

Following the Pearl Harbor attack Imperial Japanese contingents overran large areas of Southeast Asia and the Pacific until checked by U S forces at Midway and Guadalcanal This book demonstrates how America and the British Commonwealth were able to evolve and apply a victorious strategy in very difficult military circumstances The Pacific struggle is put in its full international context Events in China Anglo American diplomatic efforts to bring Russia into the war against Japan and the development and decision to use the atomic bomb are all described The Japanese response to strategic reverses during 1944 45 is related as is the way that Emperor Hirohito personally intervened with his militarist government in August 1945 to end the Pacific War The result of all these converging events was the Journey to the Missouri made by the Japanese government and High Command on 2 September 1945 when the instrument of surrender was signed in Tokyo Bay An epilogue describes how this uniquely bitter struggle had a successful sequel in the occupation of Japan
