Brayfield, 2021-07-22 Make this your next inspirational read Trust us it's Oprah's Book Club worthy Vice In London in 1958 a play by a 19 year old redefined women's writing in Britain It also began a movement that would change women's lives forever The play was A Taste of Honey and the author Shelagh Delaney was the first in a succession of young women who wrote about their lives with an honesty that dazzled the world They rebelled against sexism inequality and prejudice and in doing so challenged the existing definitions of what writing and writers should be Bypassing the London cultural elite their work reached audiences of millions around the world paved the way for profound social changes and laid the foundations of second wave feminism After Delaney came Edna O'Brien Lynne Reid Banks Charlotte Bingham Nell Dunn Virginia Ironside and Margaret Forster an extraordinarily disparate group who were united in their determination to shake the traditional concepts of womanhood in novels films television essays and journalism They were as angry as the Angry Young Men but were also more constructive and proposed new ways to live and love in the future They did not intend to become a literary movement but they did inspire other writers to follow Not since the Brontës have a group of young women been so determined to tell the truth about what it is like to be a girl In this biographical study the acclaimed author Celia Brayfield tells their story for the first time *Imaginative Resistance, Queer Fiction and the Law* Aleardo Zanghellini, 2021-08-04

Imaginative Resistance, Queer Fiction and the Law develops a novel account of how heteronormative sociolegal orders undermine the well being of same sex attracted people even when these normative orders may fall short of coercively interfering with their choices Queer well being is generally studied from psychological perspectives through the concept of minority stress Taking four texts of mid century Anglo American queer fiction as illustrative case studies this book argues in a philosophical rather than a psychological register that heteronormativity also affects queer well being in more intangible ways The central claim is that heteronormativity shackles the imagination it curtails no less the imaginative reach of authors of queer fiction than our ability engaged as we are in projects of self authorship to make believe personal futures in which same sex intimacy is brought to bear on our well being The book's central claim re works a concept central to the philosophy of fiction imaginative resistance and puts it into service of questions raised in moral philosophy Apart from its political and normative implications strengthening the case for at least some global gay rights and from challenging some of queer theory's orthodoxies the book also makes contributions to queer literary history criticism and biography Drawing on archival material and personal interviews fresh readings are offered of Charles Jackson's *The Fall of Valor* 1946 Gillian Freeman's *The Leather Boys* 1961 and Patricia Highsmith's *The Price of Salt* 1952 and *The Talented Mr Ripley* 1955 making a case for their inclusion in the queer literary canon *Imaginative Resistance, Queer Fiction and the Law* will appeal to students of literary criticism queer sociolegal history law literature the philosophy of fiction and queer theory politics and ethics **Love For**
