Famine Ships:

The Famine Ships Edward Laxton, 2016-08-25 _____ A splendid book Irish Times Between 1846 and 1851 the Great Famine claimed more than a million Irish lives The Famine Ships tells the story of the courage and determination of those who crossed the Atlantic in leaky overcrowded sailing ships and made new lives for themselves among them William Ford father of Henry Ford and twenty six year old Patrick Kennedy great grandfather of John F Kennedy *All Standing* Kathryn Miles, 2014-01-14 The enthralling true tale of a celebrated coffin ship that ran between Ireland and America in the 1840s By turns harrowing and heartwarming All Standing salvages the treasure of a history lost at sea J C Hallman author of The Devil Is a Gentleman More than one million immigrants fled the Irish famine for North America and more than one hundred thousand of them perished aboard the coffin ships that crossed the Atlantic But one small ship never lost a passenger All Standing recounts the remarkable tale of the Jeanie Johnston and her ingenious crew whose eleven voyages are the stuff of legend Why did these individuals succeed while so many others failed And what new lives in America were the ship s passengers seeking In this deeply researched and powerfully told story acclaimed author Kathryn Miles re creates life aboard this amazing vessel richly depicting the bravery and defiance of its shipwright captain and doctor and one Irish family s search for the American dream

The Famine Ships Edward Laxton, 1996 Between 1846 and 1851 more than a million Irish people sailed to America These were the famine emigrants The world has not seen such an exodus before or since In those five years the population of the United States grew by one seventh At the same time the Irish Potato Famine claimed a million lives

Coffin Ship: The Wreck of the Brig St. John William Henry, 2009-05-14 The tragic tale of the sinking of the famine ship the St John in Massachusetts Bay in 1849 The Great Irish Famine drove huge numbers of Irish men and women to leave the island and pursue their survival in foreign lands In 1847 some 200 000 people sailed for Boston alone Of this massive group 2 000 never made it to their destination killed by disease and hunger during the voyages their remains consigned to a watery grave The sinking of the brig St John off the coast of Massachusetts in October 1849 was only one of many tragic events to occur during this mass exodus The ship had sailed from Galway loaded with passengers so desperate to escape the effects of famine that some had walked from as far afield as Clare to reach the ship The passengers on the St John made it to within sight of the New World before their ship went down and they were abandoned by their captain who denied that there had been any survivors when he and some of his crew made it ashore For those who died in the seas off Massachusetts there was nothing to mark their last resting place no name no memory of them ever having existed just another statistic in a terrible tragedy

The Famine Ships Edward Laxton, 1997 [Holy Humanitarians](#) Heather D. Curtis, 2018-04-16 On May 10 1900 an enthusiastic Brooklyn crowd bid farewell to the Quito The ship sailed for famine stricken Bombay carrying both tangible relief thousands of tons of corn and seeds and a tender message of love and sympathy from God s children on this side of the globe to those on the other The Quito may never have gotten under way

without support from the era's most influential religious newspaper the Christian Herald which urged its American readers to alleviate poverty and suffering abroad and at home In *Holy Humanitarians* Heather D Curtis argues that evangelical media campaigns transformed how Americans responded to domestic crises and foreign disasters during a pivotal period for the nation Through graphic reporting and the emerging medium of photography evangelical publishers fostered a tremendously popular movement of faith based aid that rivaled the achievements of competing agencies like the American Red Cross By maintaining that the United States was divinely ordained to help the world's oppressed and needy the Christian Herald linked humanitarian assistance with American nationalism at a time when the country was stepping onto the global stage Social reform missionary activity disaster relief and economic and military expansion could all be understood as integral features of Christian charity Drawing on rigorous archival research Curtis lays bare the theological motivations social forces cultural assumptions business calculations and political dynamics that shaped America's ambivalent embrace of evangelical philanthropy In the process she uncovers the seeds of today's heated debates over the politics of poverty relief and international aid

Irish Immigration to America Stephen Szabados, 2021-06-23 This is a fantastic resource and a must have when writing your Irish family history When did your Irish ancestors immigrate where did they leave why did they leave how did they get here The author hopes you find the answer to some of these questions The book will give insight into the immigration of your ancestors Irish immigration had many factors and the Great Potato Famine only magnified the main causes

Ireland: The Matter of Monuments Colleen M. Thomas, Paula Murphy, 2024-04-19 This collection considers Irish monuments from the medieval to the modern era The essays presented here acknowledge the plurality of values associated with Irish monuments Taking a holistic approach to the topic the volume contains contributions from art historians archaeologists historians and heritage practitioners The multidisciplinary and intersectoral contributions are placed in dialogue with one another providing a discussion of Irish monuments that is unique in its comprehensiveness The integration of research on early Irish monumental work with that of the more modern period situating all Irish monuments on a continuum of shared concerns is a significant pioneering element in this field The range of perspectives represented in the book reflects the complexity of cultural heritage in contemporary life and opens the conversation to include a wider range of views It will be a valuable resource for scholars students learned societies public bodies communities in Ireland and for anyone interested in sculpture An Open Access version of Kathleen James Chakraborty's chapter *New states and old statues Ireland's monuments in an international context* is available on the Liverpool University Press website

Robert Whyte's 1847 Famine Ship Diary Robert Whyte, 1994 A truly amazing story of courage born of desperation starvation poverty and the will to survive

The Coffin Ship Cian T. McMahon, 2022-12 This book uses the letters and diaries of the emigrants themselves to paint a vivid new portrait of Ireland's Great Famine exodus Provided by publisher
