

George Washingtons Army

Ricardo A. Herrera

George Washington's Army:

George Washington's Enforcers Harry M. Ward, 2006-03-24 Ward relates how the enlisted men who had a propensity for troublemaking and desertion not only were victims of the double standard that existed between officers and regular troops but also lacked legal protection in the army The enforcement of military justice afforded the accused with little due process support Ward discusses the duties of the various personnel responsible for training and enforcing the standards of behavior including duty officers adjutants brigade majors inspectors and sergeant majors He includes the roles of life guards camp guards quarter guards picket men and safe guards whose responsibilities ranged from escorting the commander in chief intercepting spies and stragglers and protecting farmers from marauding soldiers to searching for deserters rounding up unauthorized personnel and looking for delinquents in local towns and taverns **A Proper Sense of Honor** Caroline Cox, 2009-07 This book focuses on the experiences of officers and soldiers of the Continental army rather than of the militia However occasionally the experiences of the militia are crucial to our understanding and are included where necessary Historian Holly Mayer used the phrase Continental Community to embrace people such as wagoners and camp followers mostly the wives and other female relatives of soldiers who lived worked with and were dependent on the army The phrase serves us well too but for different purposes The differences in treatment between militia and Continental service were distinct especially in terms of punishment and yet the men of each were frequently in close contact and in sickness and at death the men and their friends faced some of the same problems The ways in which these differences were resolved are important and make it worth our while to keep both in view as did the participants themselves General George Washington Edward G. Lengel, 2005-06-07 Much has been written in the past two centuries about George Washington the statesman and father of his country Less often discussed is Washington's military career including his exploits as a young officer and his performance as the Revolutionary War commander in chief Now in a revealing work of historical biography Edward Lengel has written the definitive account of George Washington the soldier Based largely on Washington's personal papers this engrossing book paints a vivid factual portrait of a man to whom lore and legend so tenaciously cling To Lengel Washington was the imperfect commander Washington possessed no great tactical ingenuity and his acknowledged brilliance in retreat only demonstrates the role luck plays in the fortunes of all great men He was not an enlisted man's leader he made a point of never mingling with his troops He was not an especially creative military thinker he fought largely by the book He was not a professional but a citizen soldier who at a time when warfare demanded that armies maneuver efficiently in precise formation had little practical training handling men in combat Yet despite his flaws Washington was a remarkable figure a true man of the moment a leader who possessed a clear strategic national and continental vision and who inspired complete loyalty from his fellow revolutionaries officers and enlisted men America could never have won freedom without him A trained surveyor Washington mastered topography and used his superior knowledge of battlegrounds to maximum effect He

appreciated the importance of good allies in times of crisis and understood well the benefits of coordination of ground and naval forces Like the American nation itself he was a whole that was greater than the sum of its parts a remarkable everyman whose acts determined the course of history Lengel argues that Washington s excellence was in his completeness in how he united the military political and personal skills necessary to lead a nation in war and peace At once informative and engaging and filled with some eye opening revelations about Washington the war for American independence and the very nature of military command General George Washington is a book that reintroduces readers to a figure many think they already know

The Road to Valley Forge John Buchanan,2008-04-21 Acclaim for The Road to Valley Forge Buchanan is a master of the historical narrative a host of new insights into George Washington as a leader of men Thomas Fleming author of Liberty The American Revolution The Road to Valley Forge is an effective operational history clearly written judicious in its judgments and based on a careful look at the war from both sides Jeremy Black author of War for America The Fight for Independence 1775 1783 John Buchanan skillfully guides us through 1776 and 1777 the two most critical years of the Revolutionary War for George Washington as commander in chief With a gift for finding the apt quotation and the telling anecdote the author traces the growth of Washington as a commanding general and the professional development of the Continental Army Don Higginbotham Professor of History University of North Carolina at Chapel Hill The Road to Valley Forge tells the whole story of Washington s growth from inexperienced backwoods general to true Commander in Chief of a professional fighting force This warts and all portrait of America s greatest hero reveals a courageous and intelligent man struggling desperately to learn from his mistakes forge a motley assortment of militiamen into a real army and demonstrate to all of his fellow Americans that they could indeed become masters of their own destiny Surviving the Winters Steven Elliott,2021-03-25 George Washington and his Continental Army braving the frigid winter at Valley Forge form an iconic image in the popular history of the American Revolution Such winter camps Steven Elliott tells us in Surviving the Winters were also a critical factor in the waging and winning of the War of Independence Exploring the inner workings of the Continental Army through the prism of its encampments this book is the first to show how camp construction and administration played a crucial role in Patriot strategy during the war As Elliott reminds us Washington s troops spent only a few days a year in combat The rest of the time especially in the winter months they were engaged in a different sort of battle against the elements unfriendly terrain disease and hunger Victory in that more sustained struggle depended on a mastery of camp construction logistics and health and hygiene the components that Elliott considers in his environmental administrative and operational investigation of the winter encampments at Middlebrook Morristown West Point New Windsor and Valley Forge Beyond the encampments basic function of sheltering soldiers his study reveals their importance as a key component of Washington s Fabian strategy stationed on secure mountainous terrain close to New York the camps allowed the Continental commander in chief to monitor the enemy but avoid direct engagement thus neutralizing a numerically superior opponent while husbanding his own

strength Documenting the growth of Washington and his subordinates as military administrators Surviving the Winters offers a telling new perspective on the commander's generalship during the Revolutionary War At the same time the book demonstrates that these winter encampments stand alongside more famous battlefields as sites where American independence was won **Life of George Washington** Aaron Bancroft,1808 **General Washington's Army (1)** Marko Zlatich,1994-07-28 During the period 1775-78 of the American Revolutionary War General Washington commanded three separate armies the New England Army of 1775 the one year army of the United Colonies renamed Army of the United States in July 1776 and the forces established by the Continental Congress to serve for three years from January 1777 or for the duration In this the first of two studies by Marko Zlatich Men at Arms 290 continues the treatment covering the period from 1779-83 the systems used by state and Continental authorities to procure clothing materials the quantities they obtained and the specifications of the uniforms themselves are all examined in detail Life of George Washington Aaron Bancroft,1808

Feeding Washington's Army Ricardo A. Herrera,2022-03-11 In this major new history of the Continental Army's Grand Forage of 1778 award winning military historian Ricardo A Herrera uncovers what daily life was like for soldiers during the darkest and coldest days of the American Revolution the Valley Forge winter Here the army launched its largest and riskiest operation not a bloody battle against British forces but a campaign to feed itself and prevent starvation or dispersal during the long encampment Herrera brings to light the army's herculean efforts to feed itself support local and Continental governments and challenge the British Army Highlighting the missteps and triumphs of both General George Washington and his officers as well as ordinary soldiers sailors and militiamen Feeding Washington's Army moves far beyond oft told heroic and mythical tales of Valley Forge and digs deeply into its daily reality revealing how close the Continental Army came to succumbing to starvation and how strong and resourceful its soldiers and leaders actually were **On Maintaining an Army** George Washington,2014-05-13 On Maintaining an Army is a Letter to John Hancock President of Congress dated 24 September 1776 George Washington February 22 1732 December 14 1799 was the first President of the United States 1789-1797 the Commander in Chief of the Continental Army during the American Revolutionary War and one of the Founding Fathers of the United States He presided over the convention that drafted the United States Constitution which replaced the Articles of Confederation and remains the supreme law of the land Washington was elected president as the unanimous choice of the electors in the elections of both 1788-1789 and 1792 He oversaw the creation of a strong well financed national government that maintained neutrality in the wars raging in Europe suppressed rebellion and won acceptance among Americans of all types His leadership style established many forms and rituals of government that have been used since such as using a cabinet system and delivering an inaugural address Further his retirement after two terms and the peaceful transition from his presidency to that of John Adams established a tradition that continues today Washington was hailed as father of his country even during his lifetime Washington was born into the provincial gentry of Colonial Virginia his wealthy

planter family owned tobacco plantations and slaves After both his father and older brother died when he was young Washington became personally and professionally attached to the powerful William Fairfax who promoted his career as a surveyor and soldier Washington quickly became a senior officer in the colonial forces during the first stages of the French and Indian War Chosen by the Second Continental Congress in 1775 to be commander in chief of the Continental Army in the American Revolution Washington managed to force the British out of Boston in 1776 but was defeated and almost captured later that year when he lost New York City After crossing the Delaware River in the dead of winter he defeated the British in two battles retook New Jersey and restored momentum to the Patriot cause Because of his strategy Revolutionary forces captured two major British armies at Saratoga in 1777 and Yorktown in 1781 Historians laud Washington for his selection and supervision of his generals encouragement of morale and ability to hold together the army coordination with the state governors and state militia units relations with Congress and attention to supplies logistics and training In battle however Washington was repeatedly outmaneuvered by British generals with larger armies After victory had been finalized in 1783 Washington resigned as Commander in chief rather than seize power proving his opposition to dictatorship and his commitment to American republicanism

The Life of George Washington Aaron Bancroft, 1856 *George Washington's Military Genius* Dave Richard Palmer, 2012-05-28 Confronting the critics who say George Washington's victories were due to luck not skill Palmer proves why the father of our country also deserves the title of America's pre eminent military strategist

[Life of George Washington: Commander in Chief of the American Army Through the Revolutionary War, and the First President of the United States](#) Aaron Bancroft, 2018-02-17 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

An Essay on the Life of George Washington Aaron Bancroft, 1807 *The Papers of George Washington* George Washington, 2019-01-04 With volume 26 of the Revolutionary War Series Gen George Washington and his troops transition from the more static affairs of winter encampment to active operations that would include two battles against the British Throughout the volume logistics and recruiting dominate Washington's correspondence but in June active combat operations added another layer to his already

heavy workload as commander in chief of the army When Major General Lafayette arrived at Washington's headquarters in early May with word that a French naval squadron and army corps would be dispatched to North America Washington began vigorously preparing for their arrival To be ready for joint operations with the French he wanted the states to reinforce the army In numerous urgent letters Washington implored the state executives to send enough recruits to produce a Continental force of 20 000 troops But these alone would not be enough for his preferred joint operation with the French a decisive attack on New York City the bastion of British military strength in North America Washington therefore asked the states to send large numbers of militiamen to supplement his Continental force With operations imminent he sought to prioritize the procurement of supplies and provisions the lack of which had forced him to reduce his soldiers to half rations and often much less Throughout May and June Washington appealed to commissaries and governors for relief He succeeded in keeping his soldiers fed but just barely In the midst of these preparations an alarming mutiny took place in the Connecticut regiments on 25 May Although officers rapidly quelled the disaffected troops with the aid of loyal regiments Washington had to write a painful letter to Congress explaining the apparent motives behind the mutiny chiefly provision shortages and arrears in pay and the challenges he faced to maintain order and promote the affairs of the army While awaiting the French force Washington monitored military developments in South Carolina where a British army had laid siege to Charleston in April An unrelenting bombardment prompted the city's capitulation on 12 May but Washington did not receive official word of its fall until the middle of the next month In the interim he had to contend with numerous and often erroneous intelligence reports on the situation in the South Shortly after the mutiny Washington confronted a large scale incursion of the enemy into New Jersey designed to capture his camp at Morristown or bring his small army to battle The British offensive led to two battles at Connecticut Farms and Springfield Washington's generalship proved crucial to the favorable outcome of both Finally intelligence gathering continued as a major concern for Washington The temporary withdrawal of a spy from the famed Culper espionage ring forced him to seek new agents and networks to supply vitally needed intelligence on British movements and intentions in the New York City area The correspondence volumes of The Papers of George Washington 1748-99 published in five series include not only Washington's own letters and other papers but also the letters written to him The ten volume Colonial Series 1748-75 focuses on Washington's military service during the French and Indian War and on his political and business activities before the Revolution The massive Revolutionary War Series 1775-83 presents in documents and annotations the myriad military and political matters with which Washington dealt during the long war The papers for his years at Mount Vernon after leaving the army and before becoming president have been published in the six volume Confederation Series 1784-88 The remaining years of Washington's life are covered in the Presidential Series 1788-97 which includes the papers of his two presidential administrations and the four volume Retirement Series 1797-99 which includes his correspondence after his final return to Mount Vernon

George Washington's Revenge Arthur S. Lefkowitz, 2022-11-15 In

late August 1776 a badly defeated Continental Army retreated from Long Island to Manhattan By early November George Washington s inexperienced army withdrew further into New Jersey and by the end of the year into Pennsylvania During this dark night of the American Revolution the times that try men s souls Washington began developing the strategy that would win the war In this illuminating account Arthur Lefkowitz reveals how George Washington turned defeat into victory During his retreat across New Jersey Washington reconceived the war keep the army mobile target isolated detachments of the British Army rely on surprise and deception form partisan units and avoid large scale battles This new strategy first bore fruit in the crossing of the Delaware on Christmas night 1776 and the attack on the British at Trenton and Princeton From there Washington took up winter quarters at Morristown New Jersey and moved into the mountains an ideal position from which to check British movements toward Philadelphia or north up the Hudson The British tried and failed several times to coax Washington into a decisive battle Stymied the British were forced to attack Philadelphia by sea and they would not be able to seize Philadelphia in time to support the British invasion of upstate New York which ended in defeat at Saratoga Lefkowitz relies on a lifetime of deep research on the Revolutionary War and close knowledge of New Jersey to tell this exciting important story whose impact rippled throughout the rest of the war

George Washington and the American Military Tradition Don Higginbotham, 1987-10-01 In *George Washington and the American Military Tradition* Don Higginbotham investigates the interplay of militiaman and professional soldier of soldier and legislator that shaped George Washington s military career and ultimately fostered the victory that brought independence to our nation Higginbotham then explores the legacy of Washington s success revealing that the crucial blending of civil and military concerns characteristic of the Revolution has been variously regarded and only seldom repeated by later generations of American soldiers Washington s training between 1753 and 1755 included frontier command in the Virginia militia adjunct service to the British regulars during the French and Indian War and increasing civil service in the Virginia House of Burgesses and Continental Congress The result of this combination of pursuits was Washington s concern for the citizen behind the soldier his appreciation of both frontier tactics and professional discipline and his sensitivity to political conflict and consensus in thirteen colonies in forming a new united nation When in 1775 Washington accepted command of the Continental Army from the Continental Congress he possessed political and military experience that enabled him by 1783 to translate the Declaration of Independence into victory over the British Yet Higginbotham notes the legacy of Washington s success has sometimes been overlooked by generals concerned with professional training and a permanent military establishment and therefore apt to revere foreign heros such as Jomini Napoleon and Bismarck more than Washington Other leaders most notably the World War II chief of staff George Marshall have recognized and implemented Washington s unique understanding of civil and military coordination In times almost wholly dominated by a military agenda Washington s and Marshall s steady subordination of soldier to citizen of strategy to legislation recalls the careful consensus of thirteen colonies in 1776

OF GEORGE WASHINGTON (Illustrated) Washington Irving, 2017-08-07 This eBook edition of LIFE OF GEORGE WASHINGTON Illustrated has been formatted to the highest digital standards and adjusted for readability on all devices

George Washington 1732 1799 was the first President of the United States 1789 97 the Commander in Chief of the Continental Army during the American Revolutionary War and one of the Founding Fathers of the United States He presided over the convention that drafted the United States Constitution which replaced the Articles of Confederation and remains the supreme law of the land Washington was born into the provincial gentry of Colonial Virginia his wealthy planter family owned tobacco plantations and slaves which he inherited he owned hundreds of slaves throughout his lifetime but his views on slavery evolved He became a young but senior officer in the colonial militia during the first stages of the French and Indian War He was chosen by the Second Continental Congress in 1775 to be commander in chief of the Continental Army in the American Revolution Historians laud Washington for the selection and supervision of his generals preservation and command of the army coordination with the Congress with state governors and their militia and attention to supplies logistics and training In battle however Washington was repeatedly outmaneuvered by British generals with larger armies Washington Irving 1783 1859 was an American author essayist biographer historian and diplomat of the early 19th century He is best known for his short stories Rip Van Winkle and The Legend of Sleepy Hollow both of which appear in his book The Sketch Book of Geoffrey Crayon Gent His historical works include biographies of George Washington and Oliver Goldsmith and several histories of 15th century Spain dealing with subjects such as the Moors and the Alhambra Irving served as the U S ambassador to Spain from 1842 to 1846

The Life of George Washington, ,1839 **The American Revolution's Dark Days** Unknown, 260-12-31 The American Revolution Dark Days How George Washington's Ragged Army French Allies and American Patriots Forged a Nation Through Blood Sacrifice and Unwavering Resolve 1775 1783 This gripping narrative chronicles the most perilous moments of America's fight for independence when the very survival of the revolutionary cause hung by the thinnest of threads From the desperate retreat across New Jersey to the frozen hell of Valley Forge from Benedict Arnold's shocking betrayal to the climactic siege of Yorktown this book reveals how a ragged Continental Army supported by French allies and sustained by patriot determination transformed thirteen rebellious colonies into a free and independent nation The American Revolution was far from the inevitable triumph often portrayed in popular memory For eight grueling years George Washington's forces faced seemingly insurmountable odds a professional British military machine backed by the world's most powerful navy chronic shortages of food clothing and ammunition and the constant threat of political collapse Time and again the cause of independence teetered on the brink of disaster saved only by Washington's strategic brilliance the courage of ordinary soldiers and the timely intervention of French allies who transformed a colonial rebellion into a global war This comprehensive account brings to life the human drama behind the familiar names and dates of American history Readers witness the agonizing decisions faced by Washington as he balanced

military necessity against political reality the diplomatic genius of Benjamin Franklin as he secured the French alliance that proved decisive and the tactical innovations of commanders like Daniel Morgan and Nathanael Greene who learned to defeat European professionals through uniquely American methods of warfare Drawing from primary sources including letters diaries military reports and contemporary accounts the book presents a fresh perspective on familiar events while revealing lesser known episodes that proved equally crucial to the war s outcome The brutal civil war in the Carolinas the complex negotiations that secured French naval support and the near catastrophic betrayal at West Point all receive detailed treatment that demonstrates how close the Revolution came to failure at multiple critical junctures The book s three part structure traces the evolution of American resistance from desperate improvisation to professional competence Each chapter focuses on specific campaigns and battles while maintaining the broader narrative of political and social transformation that accompanied military conflict More than a military history this work examines how eight years of warfare forged American national identity and established precedents that continue to influence the nation today The alliance with France the development of civilian control over the military and the gradual expansion of democratic ideals all emerged from the crucible of revolutionary conflict The dark days of the American Revolution ultimately gave birth to the bright promise of human freedom that continues to inspire people around the world Discover the untold stories of courage sacrifice and determination that forged a nation Grab your copy today and experience the Revolutionary War as never before through the eyes of those who lived fought and died for the cause of American independence

George Washingtons Army Introduction

In the digital age, access to information has become easier than ever before. The ability to download George Washingtons Army has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download George Washingtons Army has opened up a world of possibilities. Downloading George Washingtons Army provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading George Washingtons Army has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download George Washingtons Army. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading George Washingtons Army. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading George Washingtons Army, users should also consider the potential security risks associated with online

platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download George Washingtons Army has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About George Washingtons Army Books

1. Where can I buy George Washingtons Army books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
