Star Patterns

Findout Constellations

What:
There is a lot of stars that make up constellations. Learning to find constellations is an important skill for astronomers and stargazers. It helps them to know what they are looking at in the night sky.

How:
You can use a star chart or the southern cross to find constellations. The star chart is a map of the sky that shows the positions of the stars in the sky. The southern cross is a group of five stars that form a cross shape in the southern sky.

Why:
The stars in constellations are grouped together because they are part of the same star system. The stars in the southern cross are part of the same star system.

Where:
The stars in constellations are found in the night sky. The stars in the southern cross are found in the southern sky.
