Sherlin, 2010-10-01 Dr Sherlin has worked diligently to show the importance of elder rule What he has done is restore us to sound principles that come straight from the Bible His book is a must for every assembly that wants to remain strong rather than go the way of the culture I cannot recommend his book enough Dr Mal Couch In this work the author sets out the biblical case for congregations being ruled by a plurality of Godly men known as elders This work is meticulously footnoted and documented making it an invaluable resource for the layman and scholar alike Dr Andy Woods Keith writes in a manner that is precise and with a fluidity of understanding of current day church leadership The tone of his writing is shared in love and there are no judgmental undertones that permeate his thoughts I would wholly recommend this reading to all who profess Christ as their Lord Pamela Rogers Dr Keith has presented a solid case for authoritative leadership in the church His book is a call for us to return to biblical leadership and be presbyters instead of politicians Dr C V Varnado Do you believe that your local assembly is full of conflict confusion and or compromise Are you familiar with the strategy of Satan and his methods to undermine the grace love and truth of Christ s body This work makes a clear and convincing case that many problems in congregations occur because the body has adopted a flawed foundation of church government and doctrine that is more political than biblical How much or to what degree has Satan made inroads into your spiritual family and leadership body Read and judge for yourself and if necessary seek to apply the prescribed remedy to the problem Ethiopia and Political Renaissance in Africa Bertus Praeg, 2006 The Federal Democratic Republic of Ethiopia has made fresh attempts to deal with the intra state challenges to the nation state in multi ethnic societies This book examines how that country is trying to implement a programme of decentralising state power to ethnically based regional constituencies which could be of interest to other countries in Africa The study reveals that the Ethiopian Experiment questions conventional images of polyethnic states This book presents a practical example of the formulation of new approaches towards ethnicity federalism and objective nation statehood attempting to examine the changing meaning of ethnicity and nationalism throughout history in Western Europe to discuss how they impacted on state formations in Africa and to consider why Ethiopia stands unique in the process of state building versus ethnicity The study elaborates the factors which convinced the new Ethiopian leadership to embark on such a revolutionary path one on which each of the country s Nations Nationalities and Peoples is guaranteed
