Compulsory Figures: Essays on Recent American Poets Henry Taylor,1992 Appalachian Gateway George Brosi,Kate Egerton,2013-04-30 Featuring the work of twenty five fiction writers and poets this anthology is a captivating introduction to the finest of contemporary Appalachian literature. Here are short stories and poems by some of the region's most dynamic and best loved authors Barbara Kingsolver Ron Rash Nikki Giovanni Robert Morgan Lisa Alther and Lee Smith among others. In addition to compelling selections from each writer's work the book includes illuminating biographical sketches and bibliographies for each author. These works encompass a variety of themes that collectively capture the essence of Appalachia love of the land family ties and the struggle to blend progress with heritage. Readers will enjoy this book not just for the innate value of good literature but also for the insights it provides into this fascinating area. This book of fiction is an enlightening companion to non-fiction overviews of the region including the *Encyclopedia of Appalachia* and *A Handbook to Appalachia: An Introduction to the Region* both published by the University of Tennessee Press in 2006. In fact the five sections of this book are the same as those of the *Encyclopedia*. Educators and students will find this book especially appropriate for courses in creative writing Appalachian studies and Appalachian literature. Editor George Brosi's foreword presents an historical overview of Appalachian Literature while Kate Egerton and Morgan Cottrell's afterword offers a helpful guide for studying Appalachian literature in a classroom setting. **Companion to Literature** Abby H. P. Werlock,2009 Praise for the previous edition Booklist RBB Twenty Best Bets for Student Researchers RUSA ALA Outstanding Reference Source useful Recommended for public libraries and undergraduates. **C** Fred Chappell,1993 Fred Chappell has long been considered one of the South's finest writers of both fiction and poetry. **C** not only provides abundant justification for that assessment but also makes clear the inadequacy of the geographical stricture. Chappell is indeed a writer of world class stature. **C** is of course the roman numeral for one hundred the precise number of poems that appear in this dazzling collection. Delicate highly wrought miracles of compression and insight these pieces gleam with passion humor and intelligence. Like many things that gleam however they also have sharp edges and while they may make us laugh they can also wound Chappell himself perhaps voices this warning most eloquently in Proem. In such a book as this The poet Martial says Some of the epigrams Shall have seen better days And some are hit or miss But some like telegrams Deliver intelligence With such a sudden blaze The shine can make us wince At times Chappell's tone is acerbic as in this sly comment on the self indulgence

of some confessional poets If my peccadilloes were so small I never would undress at all a couplet that would surely draw a delighted chuckle from Alexander Pope himself With the apparent effortless of a master Chappell also can suffuse a poem with sensual wonder in A Glorious Twilight for example an ecstatic speaker rhapsodizes about a woman painting her nails such a brilliant shade of bright she seems to have sprouted 22 fingers And sometimes his jeweler s eye and the sheer artfulness of his language align the shutters of our perception so precisely that we can see for a hushed instant the incandescence of the everyday moment As common as air Startling as fire Satirical or elegiac bitter or rejoicing giddy or profound each of these one hundred poems is unnervingly alive All readers who delight in observing an artist at the height of his powers are sure to find C both an inspiration and an eloquent reminder that poetry language squeezed against the unsayable until it burns remains our last fragile link with the infinite

**Vale of Humility** George Hovis,2007 This is an inviting look at the influence of the yeoman s small farm on six modern southern writers In a deft analysis of works by Doris Betts Reynolds Price Fred Chappell Lee Smith Clyde Edgerton and Randall Kenan Vale of Humility explores the lives of the plain folk white and black who populate the worlds of contemporary North Carolina fiction Hovis explains that a wealthy planter elite was significantly less prominent in North Carolina than in neighboring regions and as such the state s plain folk did not develop a class identity based as deeply in relation to a superior planter class Instead the identification of the yeoman s small farm rather than the plantation as necessary to the ideal life has been a distinguishing feature of the state s literature In this first full length study of North Carolina s contemporary fiction Hovis examines the work of six representative writers from the state s three geographic regions Lee Smith and Fred Chappell from the mountains Doris Betts and Clyde Edgerton from the Piedmont and Reynolds Price and Randall Kenan from the coastal plain The work of these six writers is explored within the broader southern literary tradition with attention to how they have revised such modes as pastoral family saga and southwestern humor in order to portray their own regional experiences Although these writers celebrate the egalitarianism at the heart of the yeoman ideal they also expose the forms of racism sexism and classism that have also marked the state s history

**Dagon** Fred Chappell,2009 Note The University of Adelaide Library eBooks Adelaide **More Lights Than One** Patrick Bizzaro,2004 Under the interpretive gaze Chappell s stories reveal a dazzling range and all of his work shows a concern with the relationship between the spiritual and material in people s lives the moral development of the human race and the flawed enigmatic and yet enlightening interaction between men and women

**Experimentation and Versatility** Casey Clabough, 2005 Experimentation and Versatility considers Chappell s first four novels and his short fiction the novels chronologically and the short stories thematically in order to demonstrate the unique range and importance of his fictional prose Rather than inserting Chappell s fictional variables into a single theoretical formula Clabough traces and celebrates their various and multifaceted excursions into genres as disparate as Appalachian pastoralism and experimental science fiction Containing both an interview with Chappell and a previously unpublished short story Experimentation and Versatility also offers new primary sources on Chappell s work even as it contextualizes him as one of our most exciting and multi talented contemporary writers Investigating the complexities of Chappell s work Clabough s study offers new ways of considering Chappell who has been characterized variously as a Appalachian Southern and fantasy writer However as Clabough demonstrates he is in fact all and none of these things a writer of immense gifts constantly reinventing himself through his experiments in seemingly disparate genres
