European Union The Basics:

European Union Alex Warleigh,2004 This text offers a concise accessible introduction for students new to the study of the European Union It offers an up to date guide to the major issues areas of debate **European Union: The Basics** Alex Warleigh-Lack,2008 *European Union basics guide* Stephanie Gehlen South,Tony Carritt,1998 **Labor Law. The Basics** Biljana Chavkoska,2020-09-02 Document from the year 2020 in the subject Law Comparative Legal Systems Comparative Law language English abstract The basic idea for creating the European Union is the Internal Market where free movement of people capital services and goods is established The creation of the Internal Market is the central raison d'être of the EU existence The freedom of movement of people is one of the four freedoms of the Internal Market The right to move is the basic right of the European citizens The realization of this freedom was harder than practicing the free movement of capital services and goods Therefore the European Union is still taking subsequent actions for realization of the freedom of movement of people At the beginning the freedom of movement of people was available just for the working population but latter on the freedom of movement included all the categories of citizens students retired people and people who are not economically active Throughout the years European Union makes efforts to change the approach towards the third country nationals especially the working population as one of the conditions for fulfillment of the Lisbon Strategy goals The European Union adopted important primary secondary law and case law of the European Court of Justice such as the Association Agreements regulating the freedom of movement of third country workers These Association Agreements with Third Countries provide articles for free movement of third country workers in the European Union and vice versa For a long time the Association Agreements are the basic law regulating the freedom of movement of third country workers The European Court of Justice played important role in interpreting the articles for freedom of movement of workers and giving direct effect in the national laws of the Member States In the last two years European Union has adopted secondary law for improving the status of third country workers especially for highly qualified workers The entrance of highly qualified workers in the Member States is important for realization of the economic growth and development such as decreasing the unemployment rate European Union Stephanie Gehlen,Tony Carritt,1995 **The CROBEX in the EU. The CROBEX under the influence of Croatia's EU-accession** Henrik Fürst,2017-02-13 Bachelor Thesis from the year 2014 in the subject Business economics Banking Stock Exchanges Insurance Accounting grade University of Southern Denmark language English abstract The EU integration process is a complex process which introduces many economical and social changes The new introduced member state is willing to integrate and adapt to the EU s blueprint On one side this process brings a lot of benefits such as abolishment of borders new job possibilities and in general a chance for a better economy and social wealth But on the other side it also means that individuality and identity need to play secondary role The capital market is a very important fundament in a national economy The influence of an EU accession on the capital market and its main index is the

essence of this thesis The CROBEX Croatia s main index will be the investigation instrument the youngest since Croatia is the youngest member in the EU The thesis is divided into two main parts The first part will introduce the fundamentals of the financial market and the complexity of the EU accession progress Further the complexity of investors reaction and interpretation is made by presenting different types of events which can influence the stock market The two main integration categories which is partly the effect of the EU accession are presented at the end of this part The second part presents the main content of this thesis Croatia The process of its EU accession and current economical situation is presented firstly Followed by an insight of its financial market the thesis finishes with the analysis of how the EU accession of Croatia did influence its index CROBEX

The European Union's Normative Power in Central Asia G. Voloshin,2014-08-19 The normative power of the European Union has historically been a key element of its foreign policy This study considers the EU s Central Asia policy questioning whether the EU s normative power can work in this remote region

Basics of the International System of Customs and Tariffs G. Gregory Letterman,2001 Although customs and tariffs operate from a national perspective it is the overarching international structure of classification valuation etc that is imposed upon the national schemes that provide international customs and tariffs with a comprehensible global consistency whose understanding is of great importance for those dealing in international commerce It is this global scheme of customs and tariffs laws and practices that the author describes so thoroughly and well Having mapped out for the reader that global scheme he then describes the many types of variances and exemptions from the global scheme that must be understood as well Basic Guide to International Customs and Tariffs provides a highly readable description of its subject and a unique global perspective not encountered in other books dealing with the same topic Published under the Transnational Publishers imprint
