## **Evangelicalism Divided:**

*Evangelicalism Divided* Iain Hamish Murray, 2000 Murray analyses major changes in the evangelical movement in the years 1950 to 2000 clarifying the issues raised assessing events in the light of biblical teaching The period under review saw the fundamental difference between two contrasting approaches to Christian unity ecumenism evangelicalism gradually obscured In their desire to distance themselves from the older fundamentalism some evangelical leaders were too willing in Murray s view to jettison or at least to tone down previously cherished convictions concerning the nature of Christian conversion the authority of Scripture the primacy of gospel truth over denominational loyalty Leaders whose roles in these changes are discussed include Billy Graham Martyn Lloyd Jones J I Packer John R W Scott Particular attention is given to the evangelical movement within the Anglican communion the problematic nature of evangelical involvement in the world of scholarship moves to break down barriers between evangelicalism Roman Catholicism Murray emphasizes the basic question What is a Christian its implications for evangelical faith life Evangelicalism Divided Randall Takashi Chun, 1988

**Evangelicalism Divided** Randall Takashi Chun, 1988 *The Scandal of Evangelicals and Homosexuality* Mark Vasey-Saunders, 2016-03-09 English evangelicals give the appearance of being a community at war with each other and with the world around them The issue of homosexuality is one of the key battlegrounds How has this issue become so significant to evangelicals Why is it provoking such violent responses How is it changing evangelicals and what might this mean for the future This book examines the history of evangelical responses to the issue of homosexuality setting them in a wider historical and cultural context and drawing on the work of Rene Girard to argue that the issue of homosexuality has come to symbolise deeply held convictions within evangelicalism The conflict over the issue that is now becoming apparent within evangelicalism reveals deep divisions within the evangelical community that will have great significance for the future *The Scandal of Evangelicals and Homosexuality* offers an alternative perspective seeking not to present an answer to the ethical question but rather to examine the way the debate has become scandalised and consider the cost It offers a window into contemporary English evangelicalism and provides an important contribution to international and ecumenical debate

Evangelicalism and the Church of England in the Twentieth Century Andrew Atherstone, John G. Maiden, 2014 An important contribution to the understanding of twentieth century Anglicanism and evangelicalism This volume makes a considerable contribution to the understanding of twentieth century Anglicanism and evangelicalism It includes an expansive introduction which both engages with recent scholarship and challenges existing narratives The book locates the diverse Anglican evangelical movement in the broader fields of the history of English Christianity and evangelical globalisation Contributors argue that evangelicals often engaged constructively with the wider Church of England long before the 1967 Keele Congress and displayed a greater internal party unity than has previously been supposed Other significant themes include the rise of various neo evangelicalisms charismaticism lay leadership changing conceptions of national identity and

the importance of generational shifts The volume also provides an analysis of major organisations conferences and networks including the Keswick Convention Islington Conference and Nationwide Festival of Light ANDREW ATHERSTONE is tutor in history and doctrine and Latimer research fellow at Wycliffe Hall Oxford JOHN MAIDEN is lecturer in the Department of Religious Studies at the Open University He is author of National Religion and the Prayer Book Controversy 1927 1928 The Boydell Press 2009

**The Oxford Handbook of Evangelical Theology** Gerald R. McDermott,2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject

**Divided by Faith** Michael O. Emerson,Christian Smith,2001 Through a nationwide survey the authors of this study conclude that US Evangelicals may actually be preserving the racial chasm not through active racism but because their theology hinders their ability to recognise systematic injustice

**Evangelicals and Abortion** J. Cameron Fraser,2024-04-18 Evangelicals and Abortion traces the history and theological development of evangelical involvement in the abortion issue and recommends some models of a biblically based response with particular attention to the United States in the wake of the reversal of Roe v Wade in 2022

**Making Evangelical History** Andrew Atherstone,David Ceri Jones,2019-04-08 This volume makes a significant contribution to the history of ecclesiastical histories with a fresh analysis of historians of evangelicalism from the eighteenth century to the present It explores the ways in which their scholarly methods and theological agendas shaped their writings Each chapter presents a case study in evangelical historiography Some of the historians and biographers examined here were ministers and missionaries while others were university scholars They are drawn from Anglican Baptist Congregationalist Methodist Presbyterian Fundamentalist and Pentecostal denominations Their histories cover not only transatlantic evangelicalism but also the spread of the movement across China Africa and indeed the whole globe Some wrote for a popular Christian readership emphasising edification and evangelical hagiography others have produced weighty monographs for the academy These case studies shed light on the way the discipline has developed and also the heated controversies over whether one approach to evangelical history is more legitimate than the rest As a result this book will be of considerable interest to historians of religion

**Can We Zoom into God?** Andrew Hemingway,2023-10-19 When Zoom worship emerged in Britain during the COVID lockdown of 2020 Christians quickly turned to an art form a form of theater to deliver their worship It was a quest for immanence the very thing the Reformation dealt with by the elevation of transcendence What an intriguing thought Could John Calvin with his dictum regarding piety have practiced Zoom worship Served as he was with the principle that the finite cannot contain the infinite we must admit it looks very unlikely At least in this Calvin saw eye to eye with Erasmus but what of Luther He may have been a comfortable Zoom worshiper with his views that Religious artworks are neither here nor there and We may have them or not as we please Little did the church realize that it would be a step back into the past because what you permit you

promote The desire to use images was much more sinister than in Medieval times as these were now images of ourselves  
 Regardless of the age the image reigns supreme What had caused the demise Was it bereavement It could not be  
 bereavement of God rather it was the loss of the social the bereavement of one another The need for one another had  
 forced the hand of Christians to turn to a practice completely untested Zoom worship was born the genie is out and will never  
 go back in But in the face of the now acceptable force of contemporary narcissism who cares *Deconstructing*  
*Evangelicalism* Darryl G. Hart,2004 Evangelicalism as the term is used is a construct developed over the last half of the  
 twentieth century Prior to 1950 the word had not been used the way religious leaders and academics now use it and even  
 then it was not a coherent set of convictions or practices For that reason its construction is as novel as it is misleading This  
 book offers an explanation as to why evangelicalism as currently used became a useful category for journalists scholars and  
 believing Protestants But it is more than simply an account of a specific word s usage It is also an argument about the  
 damage the construction of evangelicalism has done to historic Christianity As much as the American public thinks of  
 evangelicalism as the old time religion whether positively or negatively this expression of Christianity has severed most ties  
 to the ways and beliefs of Christians living in previous eras For that reason it needs to be deconstructed Book jacket **The**

 the Civil War Era offers a new analysis of religion and the Civil War exploring how evangelical Christians shaped American  
 faith and ideas about slavery in the mid nineteenth century The border states stood at the center of a long struggle over  
 slavery sin and politics in American evangelicalism that consumed individual congregations and entire states This book  
 illuminates border evangelicals view of their providential role in American history demonstrates that border churches
