## Event The:

The Great Ordovician Biodiversification Event B. D. Webby, 2004 Two of the greatest evolutionary events in the history of life on Earth occurred during Early Paleozoic time The first was the Cambrian explosion of skeletonized marine animals about 540 million years ago The second was the Great Ordovician Biodiversification Event which is the focus of this book This is the first book devoted specifically to establishing the global patterns of differentiation of Ordovician biotas through time and space It provides extensive genus and species level diversity data for the many Ordovician fossil groups and presents an evaluation of how each group diversified with assessments of patterns of change and rates of origination and extinction

*Global Events and Event Stratigraphy in the Phanerozoic* Otto H. Walliser, 2012-12-06 The existence of rapid and even catastrophic turnovers within the Phanerozoic ecosystems has been discussed controversially for more than 170 years Since 1980 this discussion has become even more intensive after the hypothesis of Alvarez explaining the end Cretaceous mass extinction as the result of a huge asteroid impact on the Earth This theory stimulated several thousand papers and is still controversial The international research programme on Global Biological Events in Earth History attempts to bring the discussion back to the facts by using multidisciplinary investigations of the major Phanerozoic events The results of an international group of experts are presented giving a wealth of information and a thorough discussion of the causes of the various global events

*Werbe V. United States of America*, 1959 *A Case Frame Grammar and Lexicon for the Book of Revelation* Paul L. Danove, 2022-06-02 Paul Danove presents a case frame grammar and lexicon for the Book of Revelation with three major goals He first provides a step by step introduction to case frame analysis incorporating various adaptations and extensions to address the needs of the study of the Greek of the New Testament He then supplies a comprehensive case frame grammar and description of the syntactic semantic and lexical requirements that each predicator imposes on its complements He finally generates a case frame lexicon that guides the interpretation and translation of each predicator occurrence in its grammatical contexts Danove begins with the method of analysis and description with an overview of case frame grammar an analysis of the events grammaticalized by the predicators in the Book of Revelation descriptions of the usages of these events and further specification of these descriptions He then provides illustrative examples of the predicators with each usage discusses the distinctive grammatical characteristics of Revelation sets forth the protocols for generating lexicon entries and concludes with the case frame lexicon for predicators in the text of Revelation
