*Every Puppy* Eric Allan, This friendly guide addresses everything involved in owning a puppy from choosing the puppy that s right for your lifestyle to grooming feeding and basic training *Every Puppy* Eric Allan,2010-10-01 This book tells you how to choose a puppy that is right for you and to mould it into a loveable and obedient dog It also tells you how to train a puppy to avoid problems It is a light hearted and friendly guide to understanding your puppy and learning how he thinks Two out of ten puppies grow into problem dogs that cause stress for their owners With the help of this book this can be avoided Also included is information on keeping your puppy healthy Find out when and how to worm your puppy how to control fleas handy tips for first aid when and what to vaccinate against With funny cartoons and dozens of photographs capturing many breeds of puppy at their best and worst this is a book to be enjoyed by all new and potential puppy owners

Two Puppies Jane Stern,Michael Stern,1998 Through the tale of two dogs one an exemplary Labrador guide dog the other a volatile mutt the authors instruct puppy owners to be in choosing raising training and humoring a puppy *A Trained Dog Is a Good Dog* Jan Meyer,2012-10 A dog can be a wonderful companion with enormous affection for you and your family His keen senses and alertness can provide you with much needed protection but it is important to remember that you must be prepared to care for your pet for the next twelve or more years Like a child it will depend on you not only for its health and well being but also for dedicated training in order to become a friendly well mannered dog that is a pleasure for you and others It must also be remembered that we do not live in a dog s world but that our dogs are the ones who must learn to live in a human world It is therefore our responsibility to adequately prepare them for the unfamiliar environment in which we place them Society does not punish a child for pulling a dog s tail but will punish the dog for biting that child Before a handler can train his dog he must understand what is involved in the training process He needs to understand what is required from him and the dog in each part of each of the different obedience exercises He must be able to teach his dog what it is expected to know help it as much as possible and make it as easy as possible for the dog He needs to know about positive reinforcement in order to get the targeted behavior to recur and to reward good behavior Above all he needs to know when and how much to praise and what to do when the dog is not performing a task it was taught All this he cannot learn during the relatively short time he spends each week with the instructor at the club Six days a week he is alone at home with his dog and needs to continue to build on the training he received at the club He needs to remember the sequence of training steps and how to break them up into the small component parts to be mastered by the dog And when he becomes confused he needs help or notes to refer to This is what I had in mind when I decided to write these notes on basic dog obedience training There are many basic training methods from clicker training to the more traditional methods that can be used to train a dog for obedience work The perfect training method does not exist otherwise we would all have had copies made and used on our dogs No we are all learning and improving I have adopted an eclectic approach to dog training that is I have over

many years studied different training methods and selected from them what will work for most dogs At times however I may use a combination of these methods or I may shift from one method to another depending on the training need or exercise What is very important to me is that the reader must not only know about the best methods of teaching dogs today but must understand why a dog behaves the way it does Above all it must be remembered that dog training must be fun for both dog and trainer Most dog owners do not ask much of their dogs they ask only that the dogs obey some basic commands and that they are well behaved at home and in public That is why all dogs should at least do the Canine Good Citizen test I hope my notes will add to your knowledge of basic dog obedience training and that your trained dog will bring much joy to you and your family Jan Meyer BA SA MED DCRT US HP MT **Forthcoming Books** Rose Army,1996-06 [Australian Books in Print 1999](#) K G Saur Books,1999-04 Excellent coverage essential to worldwide bibliographic coverage American Reference Books Annual This comprehensive reference provides current finding ordering information on more than 123 000 in print books published in Australia You ll also find brief profiles of more than 12 000 publishers distributors whose titles are represented as well as information on trade associations local agents of overseas publishers literary awards more From Thorpe **AKC Gazette** ,1997 **All about Dogs** Henri Vibert,1921 [Whitaker's Books in Print](#) ,1998 [The Dog Fancier](#) ,1922 **American Book Publishing Record** ,1996 **Australian National Bibliography** ,1995 **The Publishers Weekly** ,2009 *Your German Shepherd Puppy Month by Month, 2nd Edition* Liz Palika,Terry Albert,Debra Eldredge DVM,Joanne Olivier,2016-05-10 *Your German Shepherd Puppy Month by Month Second Edition* provides readers with everything they need to know and do at each stage of development to make sure their playful energetic puppy grows into a happy healthy and well adjusted companion Expert authors Liz Palika vet Deb Eldredge and breeder Joanne Olivier team up to cover all the questions new owners tend to have and many they don t think to ask including What to ask the breeder before bringing your puppy home Which vaccinations your puppy needs and when to get them How to make potty training as smooth and quick as possible What do to when your puppy cries at night Why and how to crate train your puppy When socialization should happen and how to make sure it does When your puppy is ready to learn basic commands like Sit Stay and Come and the best way to teach them When and how to go about leash training How much exercise your puppy needs to stay physically and mentally healthy What how much and when to feed your puppy to give him the nutrition he needs without the extra weight he doesn t When your puppy is ready for obedience training and how to make sure it works How and how often to bath your puppy brush his coat clip his nails and brush his teeth How to know what requires a trip to the vet and what doesn t What causes problem behaviors when to expect them and how to correct them *Your Yorkshire Terrier Puppy Month By Month* Debra Eldredge DVM,Liz Palika,2012-12-31 *Your Yorkshire Terrier Puppy Month by Month* provides the new dog owner with everything you need to know and do at each stage of development to make sure your playful energetic puppy grows into a happy healthy and well adjusted companion Expert author Liz Palika vet Deb Eldredge
