

5 Step Family Truths

And What To Do About Them

- 1) The stepfamily will not and cannot function like a natural family. Recognize it has its own special dynamics and behaviors.
- 2) Your stepchildren are not yours and they never will be. Understand you are a stepparent, not replacement parent.
- 3) Super speed step-parenting doesn't work. Go slow and allow the relationship to develop over time.
- 4) Discipline styles must be sorted out by the couple. In the beginning the biological parent should handle discipline.
- 5) Everyone in the blended family has a role. Establish relational agreements between the parent, stepparent and children.
