A GREAT DIVIDE

AN AMERICAN STORY

A Film By JEAN SHIM

Great Divide The

Floyd Clymer, Paul Dickson

Great Divide The:

The Great Divide Studs Terkel, 1989 The Great Divide Gary Ferguson, 2004 More than any other American landscape the Rocky Mountains have prompted a remarkable medley of fierce poetic dreams For some 150 years this region served as a landscape of freedom for the black sheep of our culture from the rebellious sons of wealthy industrialists to African American trappers from affluent young women struggling for suffrage to the hippies of the 1960s determined to turn their backs on the establishment Gary Ferguson spins magnificent tales about these vivid characters blazing a trail that leads us finally to modern adventure travelers bedecked in high tech outerwear and toting satellite phones into the wild From this spot on the crest of the continent comes a fresh look at how the nation's wild lands inspired some of our most cherished notions of freedom as well as how much we stand to lose should our connections to those lands drift out of reach 25 black white photos index

Across the Great Divide Abraham Coralnik, 2005 The publication of translated essays by Dr Abraham Coralnik is an important step in enlarging our understanding of the cultural milieu of the early twentieth century in which Jewish immigrants from eastern Europe become Americanized Professor Eli Katz University of California Berkeley In 1937 when the essayist Abraham Coralnik died of a heart attack Yiddish speakers in the United States lost one of their most articulate guides As a columnist for the New York newspaper *Der Tog The Day* during the 1920s and 1930s Coralnik moved effortlessly from discussions of Zionist politics to analyses of Marx and Plato to travelogues through the American heartland As Europe exploded in anti-Semitism and American Jewish life continued its spectacular transformation into the land of promise and confusion Coralnik provided both insight and context for an immigrant community desperate to understand the changes taking place around it Today Coralnik's essays can be enjoyed not just for their perspective on two crucial decades of Jewish history but for their timeless wisdom about culture spirituality philosophy and history In Volume One of *Across the Great Divide* Coralnik analyzes a European Jewish community in the process of disintegration and an American Jewish society on the rise the politics surrounding the development of pre-state Israel the broad impact of the Hasidic movement and the quirky existence of European Jewish refugees in places like Mexico and Cuba About the Translator Beatrice Coralnik Papo the eldest daughter of Abraham Coralnik was born in Berlin in 1913 Educated in Germany Russia and France she came to the U S in her early 20s A social worker by profession Mrs Papo is a lifelong student of literature and has spent the last two decades translating her father's essays She lives in San Jose California

The Great Divide Suzanne Wiggins Helburn, 2004 Explains why America is so bitterly divided and how it is really two countries whose people with different economic interests think and vote differently It explains why Congress gave the lions share of anti-terrorism funds to small states with low probability of terrorist attack while California Florida Illinois New York and Texas with dense high rise cities mammoth seaports and airports and nuclear generating plants proportionally receive the least It explains how to stop sending jobs overseas and why political power is in the hands of Republicans who pander to a predominantly white fundamentalist

Christian constituency while sending massive subsidies to campaign contributors soil gas coal logging and farm corporations A call to action for change the book offers a detailed blueprint for reconstructing America the way our Founding Fathers imagined it could be *The Great Divide* Dayle Ann Dodds,1999 Eighty people begin to race in the Great Divide but each new challenge divides the number of racers in half [The Great Divide](#) T. Davis Bunn,2011-04-06 When attorney Marcus Glenwood resigns from a prestigious corporate law firm to retreat to a small town in North Carolina and rebuild his life after a devastating personal tragedy he suddenly finds himself in the biggest and most emotionally difficult case of his career Fragile and spiritually wounded Glenwood is introduced to Alma and Austin Hall whose daughter Gloria has disappeared in China while investigating the slave like practices of New Horizons the world s largest manufacturer of sports shoes and athletic gear Persuaded by Alma s pleading and their obvious distress Marcus accepts the case No one including Marcus himself can believe how quickly his investigation untangles a web of deceit that stretches from Washington D C to Europe and Asia and back to his own North Carolina backyard With the power to obstruct manipulate intimidate injure and eliminate the giant multinational sports company New Horizons has never lost a case But they underestimate Marcus Glenwood Step by cautious step Glenwood moves forward to uncover the horrifying truth about New Horizons Gloria Hall and ultimately himself **The Great Divide** Stephen Pern,1989 Growing up on a dairy farm in Sussex England Stephen Pern was fascinated by the American West As an adult he spent six months walking 2 500 miles through the West along the Continental Divide Here is his irreverent engaging account of the trek a story of blisters and beauty of off beat characters and surprising insights [Great Divide](#) Emily Kiernan,2014-03-25 Great Divide is a novel about memory the power of the past to shape and subsume the present and the pressing terrible need to escape the drowning force of history The reader inhabits the conflicted and mercurial interior of Jane a young woman fleeing from years of abuse in her Oregon seacoast home to an uncertain freedom with her boyfriend in the landlocked new world of the Kansas plains As Jane travels her progress is threatened by nostalgia and attachment responsibility and ambivalence and finally by a massive flood which threatens to overwhelm both her past and her future Great Divide is a novel precariously afloat atop a sea of time at once alluring and threatening beckoning us to dive in [The Great Divide](#) Gerard Berghoef,Lester DeKoster,1989 Shows that the philosophy of evolution cannot be combined with the teaching of the Bible **Angus Mcdonald of the Great Divide** Steve A. Anderson,2011-10-15 **The Great Divide** Peter Watson,2012-06-26 This ingenious work about the course of human history examines why civilizations evolved so differently in the Americas and Eurasia Kirkus starred review By 15 000 BC humans had migrated from northeastern Asia across the frozen Bering land bridge to the Americas When the last Ice Age came to an end the Bering Strait refilled with water dividing America from Eurasia This division continued until Christopher Columbus voyaged to the New World in the fifteenth century The Great Divide compares the development of humankind in the Old World and the New between 15 000 BC and AD 1 500 Combining the most up to date knowledge in archaeology

anthropology geology meteorology cosmology and mythology Peter Watson's masterful study offers uniquely revealing insight into what it means to be human

The Great Divide Cristina Henriquez, 2024-03-05 A powerful novel about the construction of the Panama Canal casting light on the unsung people who lived, loved, and labored there. It is said that the canal will be the greatest feat of engineering in history. But first it must be built. For Francisco, a local fisherman who resents the foreign powers clamoring for a slice of his country, nothing is more upsetting than the decision of his son Omar to work as a digger in the excavation zone. But for Omar, whose upbringing was quiet and lonely, this job offers a chance to finally find connection. Ada Bunting is a bold sixteen-year-old from Barbados who arrives in Panama as a stowaway alongside thousands of other West Indians seeking work. Alone and with no resources, she is determined to find a job that will earn enough money for her ailing sister's surgery. When she sees a young man, Omar, who has collapsed after a grueling shift, she is the only one who rushes to his aid. John Oswald has dedicated his life to scientific research and has journeyed to Panama in single-minded pursuit of one goal: eliminating malaria. But now his wife Marian has fallen ill herself, and when he witnesses Ada's bravery and compassion, he hires her on the spot as a caregiver. This fateful decision sets in motion a sweeping tale of ambition, loyalty, and sacrifice. Searing and empathetic, *The Great Divide* explores the intersecting lives of activists, fishmongers, laborers, journalists, neighbors, doctors, and soothsayers, those rarely acknowledged by history, even as they carved out its course.

Science and Culture J. Agassi, 2013-06-29 In *Science and Culture*, Joseph Agassi addresses scientism and relativism, two false philosophies that divorce science from culture in general and from tradition in particular. According to Agassi, science is an integral part of culture, and both scientism and relativism ignore the cultural value of science. This work helps break the isolation of science from the rest of culture by promoting popular science and a reasonable history of science. Agassi provides examples of the value of science to culture at large, discussions of items of the general culture, and their interactions with science and practical strategies and tools. He offers a wide variety of case studies to exemplify these. In this book, Agassi puts significant topics such as autonomy, tolerance, reason, philosophy, and responsibility on the agenda of democratic philosophy today.

String Theory And Its Applications (Tasi 2010): From Mev To The Planck Scale - Proceedings Of The 2010 Theoretical Advanced Study Institute In Elementary Particle Physics Michael Dine, Thomas Banks, Subir Sachdev, 2011-11-22 The book is based on lectures given at the TASI summer school of 2010. It aims to provide advanced graduate students, postdoctorates, and senior researchers with a survey of important topics in particle physics and string theory, with special emphasis on applications of methods from string theory and quantum gravity in condensed matter physics and QCD, especially heavy ion physics.

The Fifth History of Man John Bershof, MD, 2024-05-16 In the spirit of medieval writer Chaucer, all human activity lies within the artist's scope. The *History of Man* Series uses medicine as a jumping-off point to explore precisely that: all history, all science, all human activity since the beginning of time. The jumping-off style of writing takes the reader, the listener into worlds unknown, always returning to base only to jump off again. *History of Man* are stories

and tales of nearly everything The Fifth History of Man has a few parting shots at viruses but mostly continues with the world of parasites from tick disease that tick us off Old Lyme Connecticut and Lyme disease toxoplasmosis Crazy Cat Lady and her clowder of cats then on into a discussion of the avatar of parasites malaria Our travels will venture down into the valley Valley Girls Valspeak Valley Fever fungus and fungal infections We ll jump into the biology of evolution Darwin Huxley and the great debates the geology of earthquakes volcanos the Ring of Fire and Johnny Cash and then through the homos Homo habilis Homo erectus and Homo sapiens and once the dust cleared how the opposable thumbs walking erect and bigger brains left one man standing one woman too No discussion of human history can leave out the G O A T of French history heck of European history the man the legend Napoleon Bonaparte loved and admired by everyone even his enemies Our path will take us into war military World War I versus the 1918 Swine Flu some Russian history and how Stalin got Lenin wrong

Culture of the Internet Sara Kiesler,2014-02-04 As we begin a new century the astonishing spread of nationally and internationally accessible computer based communication networks has touched the imagination of people everywhere Suddenly the Internet is in everyday parlance featured in talk shows in special business technology sections of major newspapers and on the covers of national magazines If the Internet is a new world of social behavior it is also a new world for those who study social behavior This volume is a compendium of essays and research reports representing how researchers are thinking about the social processes of electronic communication and its effects in society Taken together the chapters comprise a first gathering of social psychological research on electronic communication and the Internet The authors of these chapters work in different disciplines and have different goals research methods and styles For some the emergence and use of new technologies represent a new perspective on social and behavioral processes of longstanding interest in their disciplines Others want to draw on social science theories to understand technology A third group holds to a more activist program seeking guidance through research to improve social interventions using technology in domains such as education mental health and work productivity Each of these goals has influenced the research questions methods and inferences of the authors and the look and feel of the chapters in this book Intended primarily for researchers who seek exposure to diverse approaches to studying the human side of electronic communication and the Internet this volume has three purposes to illustrate how scientists are thinking about the social processes and effects of electronic communication to encourage research based contributions to current debates on electronic communication design applications and policies and to suggest by example how studies of electronic communication can contribute to social science itself

Those Were the Days: Weird and Wacky Ads of Yesteryear Floyd Clymer,Paul Dickson,2010-02-18 Stroll back in time for a lighthearted view of advertising at its best and worst from 1890 to 1910 This historical scrapbook showcases more than 600 advertisements by well known companies such as Cadillac Pillsbury and Remington It also includes ads for now defunct products the Talk o phone velvet grip garters and other curiosities

[The Great Divide](#) William R. Garlington,2004 **The Evolutionist at Large** Grant

Allen,1881 **Beyond the Great Divide** Governor George Pataki,Trey Radel,2020-04-14 Following the attacks of September 11th New York Governor George Pataki witnessed a truly United States of America rise like the mythological phoenix People came together regardless of their generational ethnic situational or cultural background and he stated On that terrible day a nation became a neighborhood All Americans became New Yorkers These words echo today with a hollow ring and a bitter sting The economic and emotional fallout post 9 11 was devastating The political toll was even worse bringing us to where we are today a society as divided as it s been in more than a hundred years separated by political tribes that demand ideological purity coupled with blind loyalty In looking at America and its divide Pataki asks a bold question Did the terrorists win This is a question no sitting politician or pundit from either side of the political spectrum will dare address Along with President George W Bush and Mayor Rudy Giuliani Pataki was one of only three people directly involved in commanding and making life or death decisions during 9 11 Few have the experience or depth to even begin to dive into this subject as a result Pataki s answers might surprise you In sharing his perspective of where we were and where we are today he hopes to shed light on what he calls the great divide It s a divide not just between left and right or Republicans and Democrats but between the American people and their government This division has fostered anger and resentment toward Washington and toward each other in a cultural separation that is likened to that of the Civil War Now almost twenty years since the deadliest attack on American soil Americans have reached another critical moment will we unite again or this time get lost in the divide Drawing on Pataki s memories notes crises and critical events The Great Divide gives an unprecedented shocking heart pounding inside view into what happened before during and after 9 11 The Governor reflects on where our country is today and how we can rebuild a common future and perhaps return to a time when a nation became a neighborhood

Great Divide The Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be more evident than ever. They have the capability to inspire, provoke, and ignite change.
