New Masters of Poster Design John

Foster, 2008-04-30 New in Paperback In much the way that the CD replaced the album the poster has waned as a messaging vehicle The poster has now become a postcard and e-mail blast leaving many to long for the lost age when posters were not only major promotional vehicles but also artwork worthy of framing Some of the world's best designers just could not stand idle while the poster fell by the wayside They turned to the poster for personal expression and as an outlet from more restrictive mediums This book showcases their breathtaking artwork which has proven that the poster can still serve as a worthy communications tool In doing so they've brought the poster back to prominence In this book John Foster has compiled the world's finest new work at the height of this rebirth There is currently no book on the market that can claim it features a definitive poster collection

[Design Evolution](#) Tim Samara, 2008-01-01 Presents diverse international in depth case studies

While there are many books showcasing graphic design work few present in depth projects exploring concept designer's strategy visual problem solving and specifics illustrating the concrete use of design principles to achieve intended communication goals As a result readers are often left with only a surface understanding of how a project might have evolved or how the visual aspects of its design are brought together to convey its intended message The case studies in Design

Evolution comprehensively demonstrate the real world application of visual principles discussed in a more formal educational context Readers will understand how the principles for image layout type and color explored in volume 1 Design Elements work in combination to execute the overall solutions showcased in this volume The depth and range of content presented in these case studies distinguishes this book from all others in the design showcase genre offering readers a chance to not only be inspired by the quality and innovation of showcased projects but to understand how they were realized
