From Word And Sacrament

Charles Hodge

From Word And Sacrament:

Calvin's Doctrine of the Word and Sacrament Ronald S. Wallace, 1995 **Word and sacrament** Martin Luther, 1955

The Word and Sacraments, and Other Papers Illustrative of Present Questions on Church Ministry and Worship Thomas Dehany Bernard, 1904 **Luther's Works: Word and sacrament** Martin Luther, 1959 VMC Library owns volumes 12 13 14 17 and 30 Spirit and Sonship David A. Höhne, 2016-03-09 This book weaves together an interpretation of Christian Scripture with a conversation between Colin Gunton and Dietrich Bonhoeffer concerning the role the Holy Spirit plays in shaping the person and work of Christ The result is a theological description of human personhood grounded in a sustained engagement with and critique of Gunton's theological description of particularity a topic central to all his thinking In the course of the conversation with Bonhoeffer the book also offers one of few broad assessments of his work as a systematic theologian In bringing together the work of two important modern theologians this book explores both the possibilities of theology generated from Christian Scripture and the central importance of the doctrines of Christ and the Trinity in understanding what it means to declare someone or something unique **Lutheran- Teacher Training Series for the Sunday School**, 1909 The Cross - Second Edition Adrienne von Speyr, 2018-03-21 This small and simple spiritual gem offers a profound contemplation of the Seven Last Words of Christ with specific application to the seven sacraments he instituted Adrienne von Speyr leads us to the foot of the Cross where she gazes upon the crucified Christ and listens deeply as he cries out in suffering and opens the portals of divine grace The Cross Word and Sacrament will challenge and encourage the reader to participate more deeply in the Paschal Mystery through a greater appreciation and understanding of the sacraments and their source in the Cross The words Jesus utters in his agony as recorded in the Gospels contain not only the gifts experienced in the sacraments of the Church but also questions Do you truly understand what is being offered to you Will you accept these gifts Will you suffer the mystery contained in such love In short this book calls the reader to conversion which is a continual process of turning toward the Son who leads us in union with the Holy Spirit into an ever deepening relationship with the Father Thus is the reader invited to enter the very life of the Trinity that communion of love without end **Sacraments of Initiation, Second Edition** Liam G. Walsh OP, 2022-01-07 This title is no longer available The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council It is a theology that can claim to have been continuously received in the Catholic Church since then It is the theology that has been widely practiced and preached in pastoral life has been given catechetical shape in the Catechism of the Catholic Church However during the past 23 years some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council This new edition examines the way some theological counter currents have developed over those years both in theory and in practice The sacramental theology contained in this study maintains the broad on going agreement between what it proposes and mainstream Church

teaching and practice The book examines the tradition of sacramental practice and teaching Biblical and historical studies continue to uncover new riches of the tradition and recent findings are discussed A careful listening to the tradition of rite and word is truly indispensable for sacramental theology It was out of such listening that Vatican II teaching on sacraments emerged and provision was made for recovering the full richness of the tradition Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition The liturgies that are studied in this book have been given to the Church in the wake of Vatican II The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay The bibliography has updated to reflect the development in the field

Word, Sacrament, Charism Marc Ouellet, 2025-05-05 Cardinal Ouellet offers an ecclesiological key for a better understanding and practice of a Synodal Church He asks what does the future hold for a synodal Church Missionary conversion or confusion Spirits are stirred by the many questions raised by the vast consultation of the people of God gathered under the uncomfortable tent of synodality In our desire for reforms the Cardinal says that we are losing sight of the one perfect model the archetype Mary and that we should keep our gaze constantly fixed on Our Lady in order to know ourselves what the Church the ecclesial spirit ecclesial behaviour really are He states that the main weakness in the synodal process has been the lack of theological reflection which risks leaving the Church at the level of charitable NGOs This book proposes to fill this gap in the hope that the synodal operation will go further than the sociology of changing structures and the distribution of power Hence the elements proposed by Ouellet for a more Trinitarian pneumatological Marian and nuptial ecclesiology to prevent the Church from being divided into ideological struggles that extinguish the flame of mission The boldness of this book is to highlight the charismatic dimension of the Church too long neglected for lack of pneumatology Its revolutionary originality lies in placing the charism on the same footing as the Word and the Sacrament

The Prayer-book Evan Daniel, 1909 *The Lutheran Companion*, 1917 *Systematic Theology* Charles Hodge, 1878 *Enacting the Sacrament* Lauren Ethel Lepow, 1990 This book studies the doctrine dramatized in the Towneley Corpus Christi cycle and the interrelationship with Lollardy the anticlerical antisacramental movement that grew out of John Wyclif's teachings

The sacraments explained, according to the teaching... of the Catholic Church Arthur Devine, 1899 *The Church of the Word* John B. Ackley, 1993 This book illuminates the nature and locus of authority in the Lutheran Catholic ecumenical dialogue by comparing the concepts of Word of God church and office in the thought of Catholic theologian Karl Rahner 1904 1984 and Lutheran theologian Gerhard Ebeling 1912 The study examines the ontological anthropological linguistic and hermeneutical principles underlying their positions The result is the discovery of some areas of surprising convergence as

well as fundamental differences Finally the author proposes how despite deep differences Rahner s and Ebeling s views are complementary rather than contradictory **Ministry to Word and Sacraments** Bernard J. Cooke,1980 In five major parts this volume surveys the views of ministry regnant i all of the major time periods of Church history Each part begins again at the beginning in order to look at the literature and traditions of Christianity from a different perspective **The Word, Church And Sacraments** ,1961 Soteriology, eschatology Charles Hodge,1874 *The Month* ,1877 The Doctrinal Theology of the Evangelical Lutheran Church Heinrich Schmid,1899
