

# How to Gird Up Your Loins

**MANLINESS**  
— 8 —

1. The tunic wouldn't allow you to do heavy labor or fight in battle, necessitating the "girding" of one's loins.

2. First, hoist the tunic up so that all the fabric is above your knees. This will give you mobility.

3. Gather all the extra material in front of you, so that the back of the tunic is snug against your backside.

4. Once the excess fabric is gathered in front, pull it underneath and between your legs to your rear. This feels much like a diaper.

5. Gather half of the material in each hand, bringing it back around to the front.

6. Finally, tie your two handfuls of material together, and you're all set for both battle and some hard labor. Go forth, be ye men, and gird up your loins!
