## **Facts And Fallacies:**

*Economic Facts and Fallacies* Thomas Sowell, 2011-03-22 Thomas Sowell both surprises and overturns received wisdom in this indispensable examination of widespread economic fallacies. The Economist *Economic Facts and Fallacies* exposes some of the most popular fallacies about economic issues and does so in a lively manner and without requiring any prior knowledge of economics by the reader. These include many beliefs widely disseminated in the media and by politicians such as mistaken ideas about urban problems, income differences, male/female economic differences, as well as economics fallacies about academia, about race, and about Third World countries. One of the themes of *Economic Facts and Fallacies* is that fallacies are not simply crazy ideas but in fact have a certain plausibility that gives them their staying power and makes careful examination of their flaws both necessary and important, as well as sometimes humorous. Written in the easy-to-follow style of the author's *Basic Economics*, this latest book is able to go into greater depth with real-world examples on specific issues.

**Summary: Economic Facts and Fallacies** BusinessNews Publishing, 2017-01-30 The must-read summary of Thomas Sowell's book *Economic Facts and Fallacies*. This complete summary of *Economic Facts and Fallacies* by Thomas Sowell, a renowned economist and social theorist, presents the author's exposure of some of the most popular economic myths that are often disseminated by the media and politicians. Added value of this summary: Save time. Understand how and why economic myths are often portrayed as fact. Expand your knowledge of economics. To learn more, read *Economic Facts and Fallacies* and discover the truth behind some of the most popular and widespread economic myths.

*Economic and Fiscal Facts and Fallacies* Guilford L. Molesworth, 2015-06-13 Excerpt from *Economic and Fiscal Facts and Fallacies*. The primary object in publishing this work is to present in a more connected form the views which I have advanced from time to time in various books, pamphlets, speeches, and letters to the public, journals, on economic and fiscal questions during a period extending over more than a quarter of a century. Another object is to expose the manner in which the followers of the Manchester School of economics have misused and misapplied the valuable truths of political economy to protest against the elevation of their fiscal tenets to a species of religion, the doctrines of which are not even to be questioned and to dispute their extravagant claims to infallibility indicated by such expressions as Free Trade, the International Law of the Almighty, Cobden, The economic conditions under which we live and move and have our being, Asquith, or I, The eternal truths of the Economic Law, Birrell. Those who question these sacred doctrines are treated with scant courtesy. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com). This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. **Facts & Fallacies** ,1988 Stories of the strange and unusual Jacket subtitle      **Facts and Fallacies in Economics (Classic Reprint)** T. C. C.,2017-11-26 Excerpt from Facts and Fallacies in Economics It is rather the fact that to men filled with aspirations of a more or less indefinite nature but which at root involve the quite primitive desire for more pay and less work the Socialist has presented a vague policy for which neither the experience nor the economy of the past give justification and the means of whose realisation he is unable to explain Some of an all too credulous audience have swallowed his doctrines whole others have accepted them in parts without considering the relation of those parts either to each other or to the entire economic system of the nation It has remained for those who are fighting Socialism in principle to expose the false foundation upon which its practical exposition is based The Socialist can have no real complaint that he has been misrepresented if while still groping for the light he holds out to his followers a will o the wisp which he well knows can only lure to disaster About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve
