Faith Is Still There:

Why Christian Faith Still Makes Sense (Acadia Studies in Bible and Theology) C. Stephen Evans, 2015-05-12 In recent years the Christian faith has been challenged by skeptics including the New Atheists who claim that belief in God is simply not reasonable Here prominent Christian philosopher C Stephen Evans offers a fresh contemporary and nuanced response He makes the case for belief in a personal God through an exploration of natural signs which open our minds to theistic possibilities and foster belief in the Christian revelation Evans then discusses why God s self revelation is both authoritative and authentic This sophisticated yet accessible book provides a clear account of the evidence for Christian faith concluding that it still makes sense to believe

Faith Sri Aurobindo, Yogi Sri Krishnaprem, 2017-07-19 This compilation discusses the nature of faith its importance different forms of faith and their working

A commentary on 1 & 2 PETER David Pawson, 2017-04-01 These two letters were written by the man who tried to persuade Jesus not to be crucified also wanted to erect three shrines on a mountain top for Moses Elijah and Jesus also was targeted by Satan to be sifted separated from the other disciples and whose self confident loyalty was shattered three times within twenty four hours But he had a special place on his Lord s prayer list which was undoubtedly a major cause of his transformation from a reed Simon into a rock Peter which enabled him to be the first pastor not pope of the church and the first preacher of the gospel after Pentecost This high calling qualified him to protect both the church from the persecution outside and the gospel from the corruption inside That is why his first epistle majors on suffering and the second on backsliding the latter containing the clearest warning against once saved always saved complacency His boldness led to his own crucifixion upside down at his own request Bear this in mind as you read both his pastoral letters
