America Calling Claude S. Fischer, 2003-11-15 The telephone looms large in our lives as ever present in modern societies as cars and television Claude Fischer presents the first social history of this vital but little studied technology how we encountered tested and ultimately embraced it with enthusiasm Using telephone ads oral histories telephone industry correspondence and statistical data Fischer's work is a colorful exploration of how when and why Americans started communicating in this radically new manner Studying three California communities Fischer uncovers how the telephone became integrated into the private worlds and community activities of average Americans in the first decades of this century Women were especially avid in their use a phenomenon which the industry first vigorously discouraged and then later wholeheartedly promoted Again and again Fischer finds that the telephone supported a wide ranging network of social relations and played a crucial role in community life especially for women from organizing children's relationships and church activities to alleviating the loneliness and boredom of rural life Deftly written and meticulously researched America Calling adds an important new chapter to the social history of our nation and illuminates a fundamental aspect of cultural modernism that is integral to contemporary life The telephone looms large in our lives as ever present in modern societies as cars and television Claude Fischer presents the first social history of this vital but little studied technology how we encountered tested and ultimately embraced it with en

The Changing Image of the City Janet Rose Daly Bednarek, 1992-01-01 The Changing Image of the City describes urban planning and development from the end of World War II to 1973 when major elements of the design of Nebraska's largest city were in place Janet Daly Bednarek shows how the approaches to planning shifted during a period that saw Omaha change from a hub of food processing and transportation to a postindustrial center dominated by insurance and by educational medical and other services Finally she surveys recent developments such as the Central Park Mall and the Old Market area in light of earlier plans and their implementation In considering the changes that have occurred in Omaha this book reveals much about the growth of professional urban planning in America In Omaha as elsewhere planners dealt with power brokers coped with rampant suburbanism and sprawling shopping malls searched for ways to reverse the inner city decay and concerned themselves with historic preservation beautification and quality of life

Cooperative Commonwealth Steven James Keillor, 2000 By 1940 Minnesota was known as one the most cooperative minded states in the Union More than 600 cooperative creameries 150 township mutual fire insurance companies hundreds of rural telephone associations and 270

farmers elevators were proof of the power of economic cooperation and they made Minnesota into a cooperative commonwealth
