GUARDIANS OF TIME

THE WAR OF TIME WILL BEGIN

Guardian Of Time

Michael Brown

Guardian Of Time:

Sphinx, Guardian of Time Ben Van Kerkwyk, 2025-11-23 For thousands of years the colossal figure of the Sphinx at Giza has stared into sunrise and myth alike guarding a horizon of history power and enigma SPHINX Guardian of Time reveals how this lion bodied human faced sentinel was never simply a statue of a king it was a celestial marker a geological palimpsest and a threshold guardian between worlds From the quarry hewn bedrock of the Giza Plateau to the rhythm of precessing stars this book traces how the Sphinx watched empires rise and fall storms erode stone and civilizations attempt to decipher its vigil This journey dives deep into the Sphinx s layered identity as a pharaonic symbol of kingship and solar power as an astronomical monument aligned with ancient cycles as an archaeological riddle defying simple explanation and as a philosophical metaphor for time itself With detailed analysis of architecture geology temple ritual mythic narrative and modern scholarship the book explores how the Sphinx anchors entire world views in stone and how it still challenges what we believe history can tell us Essential for lovers of ancient Egypt symbolism deep time and the mysteries of human origin SPHINX Guardian of Time offers more than another history it offers a mirror As we stand before the Sphinx in our age of change and uncertainty it still gazes back asking the same question What survives In a world buried under sand stone and time the Sphinx remains the guardian of more than tombs she guards our understanding of the past and our place within the endless flow of ages
