

## POLITICAL SCIENCE :

•The most basic definition of Political Science is “ The knowledge of state and government”.

Different political scientists have defined Political Science in their own way.

•According to the French theorist Paul Janet “ Political Science is that part of social sciences which treats of the foundation of state and the principles of government”.

•In the words of Dr. Garner “ The beginning and the end of Political Science is state”.

•In the opinion of Gill Christ ,the science of politics deals with the state and government.

•Dr. Leacock calls it as a science of government which is a very parochial definition as it runs the defect of restricting the scope of this subject and undermining its importance .

### •Meaning :

The word ‘Politics’ has been derived from the Greek word ‘Polis’ means a city state.
