Rodney Bolt, 2008-12-10 Rodney Bolt's delightful life of Marlowe plays out a surprising solution to an enduring literary mystery bringing the spirit of Shakespeare alive as we've never seen it before Rodney Bolt's book is not an attempt to prove that rather than dying at 29 in a tavern brawl Christopher Marlowe staged his own death fled to Europe and went on to write the work attributed to Shakespeare Instead it takes that as the starting point for a playful and brilliantly written fake biography of Marlowe which turns out to be a life of the Bard as well Using real historical sources as well as the occasional red herring plus a generous dose of speculation Bolt paints a rich and rollicking picture of Elizabethan life As we accompany Marlowe into the halls of academia the society of the popular English players traveling Europe and the dangerous underworld of Elizabethan espionage a fascinating and almost plausible life story emerges along with a startlingly fresh look at the plays and poetry we know as Shakespeare's Tapping into centuries of speculation about the man behind the work about whom so few facts are known for sure Rodney Bolt slyly winds the lives of two beloved playwrights into one
