## April 1-15

Our special April Fools' Challenge is a streak challenge with a difference. To take part, you need to row,

ski or ride every day for 15 days from April 1. Each day, however, the distance you need to do rises. On April 1 you need to do at least 1000m. On April 2, you need to do at least 2000m, all the way up to 15,000m on April 15.

You don't have to do the entire distance in one workout, and you can combine meters from different machines. BikeErg meters count for half, however, so you'll need to do at least 2,000m on the BikeErg on April 1.
