Morning knowledge, evening knowledge, and angels

Roya Pugh February 2015

Under an azure blue sky I sit on the verandah of my hideaway, reading. I pause to gaze down through the garden and between the oaks to patches of water in a diamond rippling river that stretches toward hidden horizons. I could be in Greece. But this is not Greece. I catch sight of one pelican as it glides by and count nine others who follow languidly in single file.

In the dappled light of my own garden at home I swing and read under the birches surrounded by lilies and roses and papyrus. I could be in a walled garden in France. But I am not.

This sense of being somewhere but not is one of the lived pleasures of reading — carried away into another world by the senses, by the *jouissance* that the text renders, its pleasure and its bliss that Roland Barthes gives himself enviable freedom to explore in *The Pleasure of the Text*.

It is this sense of imagined place that sets the brilliantly, shiningly conceived words that tell us where and when Jill Paton Walsh's story, *The Knowledge of Angels* takes place.

This story is based very loosely on the true story of the Maid of Chalon —
— *nick Rousseau, Epître II sur L'Honneur*.

It is set on an island somewhat like Mallorca, but not Mallorca, at a time somewhat like 1450, but not 1450. A fiction is always, however obliquely, about the time and place in which it is written.

Perhaps our pleasure in reading is always about the time and place in which we read. I found this book in my hideaway and I have been haunted by one of its many ideas, one that I have found since to have intrigued scholars and theologians

This collection compiles an eclectic mix of literary styles from the meditative prose of spiritual mystics to the piercing rationality of philosophical giants. The Power of God Saint Thomas (Aquinas), 2012-07-26 *On Power De Potentia* is one of Aquinas's *Disputed Questions*, a systematic series of discussions of specific theological topics. It is a text which anyone with a serious interest in Aquinas's thinking will need to read. There is, however, no English translation of the *De Potentia* currently in print. Fr. Richard Regan has produced this abridgement, which passes over some of the full text while retaining what seems most important when it comes to following the flow of Aquinas's thought.

Descartes in Context Emanuela. Scribano, 2022-10-11 This volume presents essays on Descartes by pre-eminent Italian historian of philosophy Emanuela Scribano. Originally written and published in French and Italian, these essays are translated into English for the first time. The essays focus on some pivotal theses in Cartesian philosophy: proofs of God's existence, free creation of eternal truths, error, animals as machines, occasionalism, examining them in light of the philosophical context and of classical writers such as Galen, scholastic authors such as Thomas
