

Event Management

Greg Damster, Dimitri Tassiopoulos

Event Management:

Event Management Greg Damster, Dimitri Tassiopoulos, 2005 Dealing with event management in developing countries specifically South Africa this textbook confronts the specific challenges of creating well run events in places where world class catering and party supplies are not as readily available as in developed nations Complete with advice about all aspects of managing an event the second edition incorporates additional graphs tables and photographs as well as new material about the legal aspects of event planning *Event Management and Sustainability* Razaq Raj, James Musgrave, 2009

Sustainable management is an important consideration for businesses and organisations and the enormous number of tourism events taking place requiring facilities power transport people and much more makes sustainable event planning a considerable priority By looking at mega events sports events conferences and festivals this book uses best practice case studies to illustrate sustainable management issues and practical considerations that managers need to apply providing an essential reference for researchers and students in leisure and tourism **Special Events** Joe Goldblatt, 1997 This unique text offers a comprehensive study of the special events field which is burgeoning over into many management sub fields Widely varied types of events are spawning a demand for new and innovative thinking and definitive management styles and Goldblatt paints a clear perspective on how the industry has developed and keeps an ear to the ground as to the future picture Real life case studies war stories carefully interwoven into the text to strengthen and expand concepts are followed by a concise author s comment called lesson learned The progression of each chapter is guided by highlighted boxes clearly illustrated figures and color photographs lending clarity and inspiration in a field where presentation is key A summary section at the end of each chapter reemphasizes critical points and provides the reader with an invaluable big picture perspective **The Complete Guide to Special Event Management** Ernst & Young LLP, Dwight W. Catherwood, Richard L. Van Kirk, 1992-08-04 Produced by the advisors to the Nobel Peace Prize and the 1984 Olympics this book offers practical event management and marketing advice flavoured with various anecdotes in one easy to read format It explains precisely how to build image or company recognition by sponsoring diverse sizes and types of events ranging from entertainment to sports It also covers every stage of marketing logistics finance concessions and public relations *Event Management: How to Apply Best Practices to Small Scale Events* Sven Damm, 2011-11

Event management is a ubiquitous word in modern society The word is used for small business breakfasts large corporate shows and also for big international sport events such as the Olympic Games We all have an idea of what management is but what is an event This question and the theories behind the dynamic event industry are summarized in this book Ultimately the book combines a range of differing views about best practice and recommended behaviours it identifies and recommends an event management model that potentially enables small scale event managers to fully develop the potential of such events The book reduces the gap between theory and practice and the framework of best practices can be applied to significantly improve the quality of managing similar events in

the future Event Planning and Management Ruth Dowson,David Bassett,2015-09-03 The events industry is an exciting innovative diverse and highly challenging environment in which to work Event Planning and Management offers a structured practical approach to all types of events from the initial planning to final evaluating stages It introduces the key models and theories but focuses on the practical side of building and working with a team choosing a location creating a programme dealing with stakeholders and sponsors promoting the event essential financial and procurement considerations and finally evaluating the event Each stage of the process is fully supported with online resources including templates and discussion questions to make up a complete event planner s toolkit Balancing coverage of the key theory and models with essential practical guidance tools and case studies from organizations such as London 2012 and the Prince s Trust Event Planning and Management is an ideal handbook for students and practitioners alike About the PR in Practice series Published in collaboration with the Chartered Institute of Public Relations CIPR the PR in Practice series comprises accessible practical introductions to day to day issues of public relations practice and management The series action oriented approach keeps knowledge and skills up to date **People and Work in Events and Conventions** Tom Baum,Margaret Deery,Clare Hanlon,Leonie Lockstone,Karen Smith,2009-01-01 The part of the tourism industry which covers events conventions and meetings is a substantial part of the global economy This book examines the role of people who work in events meetings and conventions by looking at the context in which they work and presenting theories perspectives underlying trends of employment in this sector **International Best Practice in Event Management** David W G Hind,Maria Arlene Disimulacion,Karen Fernandez,Kuan-Wen Eric Lin,Anukrati Sharma,Peni Zulandari Suroto,2019-09-02 If you want to uplift your career as an event manager in the global events industry this book will be a trusted friend and a powerful tool in helping your work to meet the international best practice standard Written as a practical book on event management with a writing style that is as reader friendly as possible this book covers all aspects of staging an event preparing planning developing a business plan designing the concept selecting the venue managing health safety security and emergencies at the event managing people at the event and evaluating the success of the event The contents of this book have been aligned to the national occupational standards for the United Kingdom s events industry Thus this book offers the reader not only a relevant best practice book but also the current one for their professional reference **Event Management** Lynn Van der Wagen,Brenda R. Carlos,2005 Event Management with its true to life examples of events across the nation illustrates the skills needed to become a successful event manager It details how to design plan market and stage an event In addition students will learn how to manage staff and staffing problems and ensure safety Topics discuss financial control and much more Event Management For Dummies Laura Capell,2013-08-02 Your straightforward guide for planning and running an event Whether you want to break into this burgeoning industry or you simply need to plan an event and don t know where to start there s something for all would be event planners in Event Management For Dummies Packed with tips hints and
