Enabling Or Disabling Local Government Choices For The Future:

Enabling Or Disabling Local Government Steve Leach, Howard Davis, 1996 Over the past ten years or so there has been an unprecedented amount of change in the world of British local government for instance the growth of compulsory competitive tendering the opportunity for schools to opt out of local authority control the new responsibilities for community care and the introduction of the community charge or poll tax and its subsequent replacement with council tax And now local government is in the throes of a major and controversial reorganization There have been several books which have described such changes but this one represents the first systematic attempt to draw out the overall implications of these changes for the future role of local government as an institution It argues that there are major strategic choices of direction facing local authorities and that these choices will shape management structures and many other aspects of local choice The book provides a clear framework of analysis to enable readers to understand the forces at work in this particularly turbulent and unstable period of local government s history and to see where they are leading

The State Under Stress Christopher D. Foster,Francis J. Plowden,1996 This is a comprehensive account of the

changes that have taken place in British government in recent years since 1979 but more especially since 1988 It argues that and explains why there has been a general decline in competence and ability to deliver good government Ministers are increasingly overloaded their long standing relationships with civil servants have altered and the power of Parliament has declined And the machinery of government has been transformed at one level by changes in the use of Cabinet and at another by privatization contractorization and the creation of executive agencies Any new government will find government transformed to a point where most memories of how it used to work in the 1970s are irrelevant The State Under Stress argues that while the clock cannot be turned back urgent reforms are needed if democracy is not to be further undermined
