communication and psychological cognitive research all of which examine the origins content structure and outcomes of discourse about environmental issues Submissions are accepted on an ongoing basis for inclusion in volumes published annually Audience Researchers scholars students and practitioners in environmental communication journalism rhetoric public relations mass communication risk analysis political science environmental education environmental studies public administrations policymakers others interested in environmental issues and the communication channels used for discourse and information dissemination on the topic For more information and guidelines for submissions visit [www.erlbaum.com/ecy.htm](http://www.erlbaum.com/ecy.htm)

*An African Perspective on Environmental Communication* Given Mutinta, 2026-01-01 This book delves into the intricate relationship between environmental challenges and communication strategies in Africa It delves into the history of environmental communication the factors that led to its emergency the role of traditional and social media in disseminating information and indigenous communication methods used by African communities The book also highlights the importance of stakeholder engagement and the role of environmental communication in environmental education Besides the book explores importance and ways of monitoring and evaluating environmental communication programmes It also provides practical recommendations for policymakers stakeholders and communication professionals The book equips readers with the tools to effectively communicate about environmental issues in Africa making it an essential read for anyone interested in understanding how communication can drive positive change for the environment

**Participatory Media in Environmental Communication** Usha Sundar Harris, 2018-09-13 Participatory Media in Environmental Communication brings together stories of communities in the Pacific islands a region that is severely affected by the impacts of climate change Despite living on the margins of the digital revolution these island communities have used media and communication to create awareness of and find solutions to environmental challenges By telling their stories in their own way ordinary people are able to communicate compelling accounts of how different but interrelated environmental political and economic issues converge and impact at a local level This book fills a significant gap in our understanding of how participatory media is used as a dialogic tool to raise awareness and facilitate discussion of environmental issues that are now critical It includes a section on pedagogy and practice the undergirding principles the tools the methods The book offers a framework for Participatory Environmental Communication that weaves three widely used concepts diversity network and agency into a cohesive underlying system to bring scholars practitioners and diverse communities together in a dialogue about pressing environmental issues This book is a valuable resource for researchers and students in communication and media studies environmental communication cultural studies and environmental sciences as well as practitioners policy makers and environmental activists

**The Environmental Communication Yearbook** Stephen P. Depoe, 2014-04-08 First published in 2006 Routledge is an imprint of Taylor Francis an informa company

[Environmental Communication and the Public Sphere](#) Phaedra C. Pezzullo, Robert Cox, 2017-10-24 This is the best undergraduate text devoted to environmental

communication It s the standard book for an introduction to the field Jeffrey L Courtright Illinois State University The Fifth Edition of the award winning Environmental Communication and the Public Sphere remains the most comprehensive introductory text in the growing field of environmental communication This groundbreaking book focuses on the role that human communication plays in influencing the ways we perceive the environment It also examines how we define what constitutes an environmental problem and how we decide what actions to take concerning the natural world In the highly anticipated Fifth Edition internationally recognized researcher Phaedra Pezzullo and three time Sierra Club President Robert Cox leverage their vast experience to offer insights into the news media Congress environmental conflict advocacy campaigns and other real world applications of environmental communication This edition also explores recent events the Trump Administration wolf conservation public land milestones the Flint water crisis corporate disinformation campaigns new alliances for a just transition in a growing renewable energy economy the People s Climate March international legal precedents and more to illustrate key terms and the significance of environmental communication

**Environment, Media and Communication** Anders Hansen,2018-09-21 Media and communication processes are central to how we come to know about and make sense of our environment and to the ways in which environmental concerns are generated elaborated manipulated and contested The second edition of Environment Media and Communication builds on the first edition s framework for analysing and understanding media and communication roles in the politics of the environment It draws on the significant and continuing growth and advances in the field of environmental communication research to show the increasing diversification and complexity of environmental communication The book highlights the persistent urgency of analysing and understanding how communication about the environment is being influenced and manipulated with implications for how and indeed whether environmental challenges are being addressed and dealt with Since the first edition changes in media organisations news media and environmental journalism have continued apace but perhaps more significantly the media technologies and the media and communications landscape have evolved profoundly with the continued rise of digital and social media Such changes have gone hand in hand with and often facilitated enabled and enhanced shifting balances of power in the politics of the environment There is thus a greater need than ever to analyse and understand the roles of mediated public communication about the environment and to ask critical questions about who what benefits and who what is adversely affected by such processes This book will be of interest to students in media communication studies geography environmental studies political science and sociology as well as to environmental professionals and activists

**The Environmental Communication Yearbook** Susan L. Senecah,2005 For scholars and students in environmental communications journalism rhetoric PR mass communication and other related areas

*Multi-Stakeholder Contribution in Asian Environmental Communication* Mohamad Saifudin Mohamad Saleh,Shaidatul Akma Adi Kasuma,Huang Miao,2024-07-05 Multi Stakeholder Contribution in Asian Environmental Communication focuses

on how diverse actors can come together to promote sustainable environmental practices Bringing together 25 environmental communication scholars and practitioners across 15 innovative chapters this book explores the dynamic roles of stakeholders ranging from governmental bodies and non profit organisations to local communities and industry players involved in advancing environmental communication across the Asian continent Drawing on a rich tapestry of case studies and interdisciplinary perspectives the book sheds light on the interplay of religious cultural political and economic factors that shape environmental communication strategies and public perception in Malaysia Indonesia Bangladesh China Thailand Iran Japan and Pakistan It probes into contemporary issues such as Islamic environmental communication gender roles social media political communication the role of games and gaming companies as well as the portrayal of ecological messages in film Overall this book aims to bridge the gap between theory and practice and will make a significant contribution to the growing literature on multi stakeholder contribution in environmental communication particularly in the Asian context This volume will be of great interest to practitioners policymakers and researchers working in the field of environmental communication

Environmental Communication Lea Parker,1996-11-01      **Environmental Communication and the Public Sphere** Phaedra C. Pezzullo,J. Robert Cox,2021-08 The Sixth Edition of the award winning Environmental Communication and the Public Sphere is the best selling comprehensive introduction to the growing field of environmental communication This groundbreaking book focuses on the role that human communication plays in influencing the ways we perceive the environment Phaedra Pezzullo and Robert Cox examine how we define what constitutes an environmental problem and how we decide what actions to take concerning the natural world The updated and revised Sixth Edition explores recent events and research that have emerged since the last edition including fast fashion global youth climate strikes biodiversity loss disability rights advocacy single use plastic ban controversies COVID 19 and more      *Climate Change, Media & Culture* Juliet Pinto,Robert E. Gutsche Jr.,Paola Prado,2019-10-14 The acceleration of global climate change creates a nexus for the examination of power political rhetoric science communication and sustainable development This book takes an international view of twenty first century environmental communication to critically explore mediated expressions of climate change
