

**Objectivity: An Introduction**

Students demonstrate an ability to describe and compare different business processes using the knowledge they have acquired by applying the concepts of objectivity. The use of objectivity in the introduction chapter will guide the student in identifying, understanding, and using the specific terminology and concepts from each process. The goal of the process is to provide a clear, concise, and accurate description of the process. The student will be able to identify the key elements of the process and describe them in a clear and concise manner. The student will also be able to compare and contrast different processes and identify the similarities and differences between them. The student will be able to apply the concepts of objectivity to the analysis and design of business processes.

The student will be able to identify the key elements of the process and describe them in a clear and concise manner. The student will also be able to compare and contrast different processes and identify the similarities and differences between them.
