Escape from Siberia R. Piotrowski, 1877 Escape from Siberia, Escape from Memory Paul Wojdak, 2024-04-22 Paul Wojdak's father Pawel was born in 1912 in Novosibirsk Siberia. During the 1800s many Polish people were banished to Siberia for rising against czarist Russia's repressive policies aimed to destroy Polish language and culture and they eventually lived in Siberia for generations. By the 1920s war and chaos followed the Russian Revolution and Poles were cast as enemies of the people fleeing east as refugees. Most died from disease, starvation, cold, or violence, including Pawel's parents, and many Polish children were tragically trapped in Siberia, a seven-year-old Pawel among them. Later in life, living in Canada with his wife and son, Pawel physically could not speak about his childhood and refused to speak about his life as a young adult, but his memories were sometimes triggered by chance events, leaving mysterious tidbits for his son Paul. Why could his father sing the Japanese national anthem? How did he come to see a tractor as a young boy in the United States? Inspired by his love for his father combined with a desire to understand Pawel's complicated life after his father's death, Paul takes on the daunting task of trying to piece together his father's past, determined to uncover the truth in the hopes of learning the story of a man who, despite all his hardships, was respectful, loyal, dedicated, and loving. Only knowing bits and pieces of his father's childhood and knowing his father fought in World War II, Paul begins by connecting his father's story with the stories of other Polish children and men in Siberia and Eastern Europe from 1917 to 1945. From there, he brings to light the remarkable story of the Polish Rescue Committee and their plight to rescue Polish children in Siberia after World War I and of the compassion of the Japanese people in harbouring these children. Following records of his father's trail, he shares the incredible journey these children then took before finally arriving in Poland in late 1922, only to find their lives in upheaval again in 1939 when Poland was invaded by Russia and Germany. *Escape from Siberia: Escape from Memory* not only shares an extraordinary story of heroism and survival but also explores the struggle to recapture and preserve cultural and personal memory and the impact of war on children and young adults. *A Story of Escape from Siberia* George Alfred Henty, 1904* **Escape from Siberian Exile** John Godfrey Jacques, Adelaide D. Wellman, 1921 **Siberia as it is** Harry De Windt, 1892 **Siberia and the Exile System** George Kennan, 1891 **The Czech and Slovak Legion in Siberia, 1917-1922** Joan McGuire Mohr, 2014-01-10. During World War I a specialized Russian battalion comprised of ethnic Czechs and Czech and Slovak prisoners of war, the Legion, became a pawn in an international game of power and deceit. The Legion's detour through Siberia became the greatest human interest story of the war, chronicled weekly in the *New York Times* and *New York Herald*. More than half of the Legion's troops lost their lives as the evacuation of Czech and Slovak POWs through Vladivostok precipitated the murder of the Russian royal family and forced the Legion to act as protectors of the Russian treasury and the Trans-Siberian Railway while the White and Red armies battled. For political purposes, tales of the Legion's odyssey have been buried or expunged. This volume offers the seminal account of this hidden yet epic journey, shedding light on a fascinating but forgotten facet of World War I. **Eleven Months to Freedom** Dwight R. Messimer, 2016-11-15. *Eleven Months to Freedom*

recounts the daring World War I escape of German midshipman Erich Killinger. Falsely accused of bombing a railway station after crashing his plane at sea, he was sentenced to life in the Sakhalin coal mines. Shipped by rail with several other POWs across Russia, Killinger was determined to return home. In order to do this, though, he needed to jump from the train, cross Siberia, and make it to a German-run escape pipeline in China, all while braving bandits, subzero temperatures, threats of starvation, the risk of capture by Japanese and Russian troops, and possible internment by the Chinese. Once he made it to China, Killinger used money and fake identity papers to survive along the 800 miles to Shanghai. Improbably playing the role of a dashing French blade, Killinger lived the high life on one ship, then later served as a humble deckhand on another. Risking discovery by the British, he made a bold and risky move as his final destination neared. **International Language**, 1924

Condemned as a Nihilist George Alfred Henty, 1893 *Condemned as a Nihilist: A Story of Escape from Siberia* George Henty, 2017-03-09 *Journal of the American Geographical Society of New York*, 1882 *Journal of the American Geographical Society of New York* American Geographical Society of New York, 1882 Siberia Anthony Haywood, 2012-05-02 Before Russians crossed the Urals Mountains in the sixteenth century to settle their colony in North Asia, they heard rumours about bountiful fur of bizarre people without eyes who ate by shrugging their shoulders and of a land where trees exploded from cold. This region of frozen tundra, endless forest and humming steppe between the Urals and the Pacific Ocean was a vast, strange and frightening paradise. It was Siberia. Siberia is a cradle of civilizations, the birthplace of ancient Turkic empires and home to the cultures of indigenes, including peoples whose ancestors migrated to the Americas. It was a promised land to which bonded peasants could flee their cruel masters, yet also a white hell across which exiles shuffled in felt shoes and chains. If in Stalin's era, Siberia became synonymous with the gulag, today it is a vast region of bustling metropolises and magnificent landscapes, a place where the humdrum, the beautiful, and the bizarre ignite the imagination. Tracing the historical contours of Siberia, A. J. Haywood offers a detailed account of the architectural and cultural landmarks of cities such as Irkutsk, Tobolsk, Barnaul, and Novosibirsk. *Arthur's Illustrated Home Magazine*, 1880
