## **Forbidden Image:**

**The Forbidden Image** Alain Besançon, 2000 This book discusses the privileging and prohibition of religious images over two and a half millennia in the West

**Breaking Resemblance** Alena Alexandrova, 2017-05-01 In recent decades curators and artists have shown a distinct interest in religion its different traditions manifestations in public life gestures and images Breaking Resemblance explores the complex relationship between contemporary art and religion by focusing on the ways artists re work religious motifs as a means to reflect critically on our desire to believe in images on the history of seeing them and on their double power iconic and political It discusses a number of exhibitions that take religion as their central theme and a selection of works by Bill Viola Lawrence Malstaf Victoria Reynolds and Berlinde de Bruyckere all of whom in their respective ways and media recycle religious motifs and iconography and whose works resonate with or problematize the motif of the true image

*Discourse on Sacred and Profane Images* Gabriele Paleotti, 2012 In the wake of the Counter Reformation Cardinal Gabriele Paleotti the archbishop of Bologna wrote a remarkable treatise on art during a time when the Church feared rampant abuse in the arts Translated into English here for the first time Paleotti s *Discourse on Sacred and Profane Images* argues that art should address a broad audience and explains the painter s responsibility to his spectators The *Discourse* is introduced by historian Paolo Prodi who explains how even if the archbishop did not succeed in reforming the arts Paleotti s treatise constituted one last synthesis of art as a reading of creation and salvation history and sacred art as a vehicle of devotion

**From Stone to Flesh** Donald S. Lopez Jr., 2013-04-11 We have come to admire Buddhism for being profound but accessible as much a lifestyle as a religion The credit for creating Buddhism goes to the Buddha a figure widely respected across the Western world for his philosophical insight his teachings of nonviolence and his practice of meditation But who was this Buddha and how did he become the Buddha we know and love today Leading historian of Buddhism Donald S Lopez Jr tells the story of how various idols carved in stone variously named Beddou Codam Xaca and Fo became the man of flesh and blood that we know simply as the Buddha He reveals that the positive view of the Buddha in Europe and America is rather recent originating a little more than a hundred and fifty years ago For centuries the Buddha was condemned by Western writers as the most dangerous idol of the Orient He was a demon the murderer of his mother a purveyor of idolatry Lopez provides an engaging history of depictions of the Buddha from classical accounts and medieval stories to the testimonies of European travelers diplomats soldiers and missionaries He shows that centuries of hostility toward the Buddha changed dramatically in the nineteenth century when the teachings of the Buddha having disappeared from India by the fourteenth century were read by European scholars newly proficient in Asian languages At the same time the traditional view of the Buddha persisted in Asia where he was revered as much for his supernatural powers as for his philosophical insights From Stone to Flesh follows the twists and turns of these Eastern and Western notions of the Buddha leading finally to his triumph as the founder of a world religion
